### ROOSEVELT WANTS BIG WARSHIPS

Sends Special Message to Congress, Urging That Body to Provide Appropriations for Four.

WASHINGTON, April 14.—Compressed into what would be no more than a ten-minute speech, on the floor of Congress, President Roosevelt today urged that body in a special message to provide for the construction of four battleships of the largest and most approved type at once.

The arguments of the President to impress his insistence on the naval program were few, but calculated to be effective. China was held up as an example of the "peace at any price" doctrine, and Great Britain as having the naval policy to be emulated. The result of the last Hague conference made it plain, he says, that the nations would not for some time, if ever, agree on a limitation of naval armament. Attribution the President holds cannot be relied upon as an effective remedy though it should be utilized to its fullest extent.

Declining any intention on the part of the United States ever to engage in a war of conquest, the President made it plain that this country could ill afford to relapse into a place where insult would have to be borne in silence.

### WOMAN POISONED; DOCTOR ADDS MYSTERY TO CASE

A young woman, apparently at the point of death from bichloride of mercury poisoning, was hurried in an auto to the Receiving Hospital about 11:45 o'clock last night by Dr. E. G. Wood, who resides at 5 Watson avenue, and who gave his patient's name as Mrs. Alice Rohx. Otherwise he vouchsafed no information concerning the case to the hospital attaches, or to Policeman McCarthy, who arrived at the hospital a few minutes after the patient reached it.

Dr. Wood whisked his patient away

### TALESMEN WITH OPINIONS OF FORD'S INNOCENCE BOTHER THE PROSECUTION

"Gum Shoe" Burns Whispers and Dictates to O'Gara, but None of the Prospective Jurors Stop Telling Just What They Think.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 14.—At the noon adjournment of the Tiley L. Ford case in Judge Lawlor's court Charles I. Havens and Max Ludwig, the latter of whom runs a saloon and restaurant at California street and Presidio avenue, were passed by both sides. There are now, therefore, in the box five jurors sworn to try the case and four talesmen who have been passed subject to peremptory challenges.

Bernard Meyer of 1990 Ellis street, Cal. Wagner of 153 Cassell street and George H. Fuller were excused for bias.

There are awaiting examination, H. T. Smith, formerly of Oakland, P. A. Body and Christian G. Meyer, although Smith has already answered some questions of O'Gara. Cal. Wagner created a small sensation by stating that a detective whom he suspected to be in the employ of the United Railroads had called at his house last night and questioned him.

Attorney Stanley Moore elicited a description of the personal appearance of the detective from Wagner and caused the impression to obtain in the court that the detective in question was Oliver, who is in connection with the Burns force, now working for the prosecution.

It does not seem possible to secure a jury before some time tomorrow.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 14.—When the trial of the charge of alleged bribery against Tiley L. Ford opened in Judge Lawlor's department of the Superior Court this morning there were five jurors in the case who had been sworn to try the case, namely John Dow Mansfield, of 1117 Ellis street; William J. Brady, 182

### What They Think.

Devisadero street; Charles A. Bowman, 1707 Devisadero street; Jacob Levy, 1805 Mason street, and Fred Williams, 905 Ashbury street.

The other seats in the box were occupied by Antonio Federo of 1619 Washington street and John J. Pratt of 3850 Point Lobos avenue, who were passed late yesterday afternoon, subject to peremptory challenges, and several other talesmen awaiting examination.

General Ford, the defendant, was the first of the parties to the suit to put in an appearance. His features were flushed with the glow of health, showing the effect of a brisk ride against the sharp wind of the morning. He was followed after an interval by Attorney A. A. and Stanley Moore and W. M. Abbott.

**Burns Still Dictating.**

O'Gara was early on hand, representing the prosecution, and a few moments after his entrance, was joined by "Gum Shoe" Burns, who took a seat beside him and from whom, from time to time, he received prompts and suggestions.

When the name of Talesman John J. Pratt was called by the clerk that gentleman arose and stated that yesterday he had made a statement as regards his feeling toward the defendant and other persons whose names have been mentioned by the graft prosecution. He said he thought the matter over during the night and had concluded that he was in

error.

A. A. Moore questioned Pratt and soon after Stanley Moore challenged the talesman. O'Gara denied the challenge. Judge Lawlor propounded a number of questions to Pratt.

### Disallowed Challenge.

The examination of the talesman was frequently interrupted by wagon wheels over the stone pavements on McAllister and Hyde streets which rendered Pratt's voice inaudible. While Pratt's re-examination was in progress Patrick Callahan entered the court room and took his accustomed seat beside General Ford. At that moment Judge Lawlor disallowed the challenge of Pratt and an exception was taken by the defense.

Bernard Meyer of 1990 Ellis street, a retired furniture man, was next examined. He answered all of O'Gara's questions, among his answers being one to the effect that he had an opinion as regards the supervisors and their confessions.

"Was it after reading those confessions," asked Stanley Moore, "that you formed your opinion that money had been received by the supervisors?"

"It was."

### Had Changeable Opinion.

"Have you any doubt the money did pass?"

"I have an opinion from what I read, but that opinion might be changed."

O'Gara asked whether the confessions which Meyer referred to were those made before the grand jury or were reports of testimony in the court, but Meyer said he could not answer the question.

An hour was wasted on Meyer, when he was finally excused on challenge by the defense.

Charles I. Havens, an architect of 1081 Howard street, in examination by O'Gara, was asked:

"Have you an opinion as to the guilt or innocence of the defendant?"

"At one time I had no strongly fixed opinion. I had an idea."

"You had an idea?"

"Yes."

"You have it yet?"

"I have."

### Thinks Ford Innocent.

"Did you have it all the time?"

"Only since the fire."

"Your idea is what?"

"I feel that the defendant is innocent."

"Do you feel that the defendant is innocent?"

"Yes."

"Have you expressed that opinion that you hold at the present time?"

"I have."

Several years ago, Havens said, he had acted as architect for the city hall commission and the board of education, but that Ruef had nothing to do with his appointment.

"Have you an opinion," asked O'Gara, "as to the guilt or innocence of the defendant?"

"I have."

An hour was wasted on Meyer, when he was finally excused on challenge by the defense.

### REV. CHARLES R. BROWN PROTESTS AGAINST SERVING INTOXICATING LIQUORS TO MEN OF THE FLEET

Editor TRIBUNE: The appeal has been made through your columns by the mayor and the committee for additional funds to entertain the men of the fleet on "Oakland Day," and never to my knowledge has a worthy appeal for hospitality fallen upon deaf ears here in California.

The appeal would meet with a reader response, however, from our best citizens were some public assurance given that no intoxicating liquors are to be served. I do not refer to private dinners and banquets given to the officers, which are matters for individual taste and conscience, but to the public entertainment offered by our citizens to the men of the navy.

It has been known for several months on both sides of the bay that the saloonmen, the brothel-keepers and the gamblers have increased their facilities and are waiting like hungry wolves to rob the sailor boys when they come ashore of both money and manhood. In the name of our common humanity and for the sake of the fathers and mothers who have yielded their sons to the service of their country in the navy, as well as for the sake of the young men themselves, let us not, as reputable citizens, add one additional incitement to evil while they are our guests.

The Oakland Federation of Churches, representing congregations of all creeds, is ready to voice its protest against the purchase of liquor with the money of our public-spirited citizens to be offered to these sailor men. The Masonic lodges of California many years ago banished all liquors from their banquets, and as a Mason of the thirty-second degree, I am sure I voice the sentiments of a vast body of brother Masons in urging the importance of making the entertainment we offer these men conform to the highest standards. Other fraternities have taken the same high ground and would view the matter in like manner. The eyes of the nation are upon this community around the bay while the fleet is here, and we cannot afford, as a city of homes, of schools and of churches, now rising into a new commercial importance, to take a position that will be condemned by the friends of sobriety and order everywhere.

It is authoritatively stated that it was at first the purpose of Los Angeles to serve liquors, but when the real attitude of the people of that city was indicated is no uncertain way, the intoxicants were all cut out of the program. The people of our community are, we all know, not less high-minded. For the good name of Oakland, then; for the moral safety of these thousands of young men away from home in the service of their country, and for the example upon the young men and boys of our own community, I would enter an earnest protest against the purchase and serving of any intoxicants in connection with the entertainment we offer the men of the fleet.

CHARLES R. BROWN,  
Pastor First Congregational Church.  
Oakland, April 14, 1908.

### Bay Dotted With Excursion Crafts and Big Flotillas Meet War Vessels Off Coronado.

SAN DIEGO, April 14.—The American battleship fleet returning to home waters on the Pacific Coast after a cruise of nearly four months around the southern end of the western hemisphere, cast anchor off this port at 12:47 p. m. today, thirteen minutes ahead of the scheduled hour. The shores of Coronado beach were lined for a mile or more with an enthusiastic throng gathered from all over the west.

### Watched for Two Hours.

The sixteen ships first were traced far to the southward by filmy spirals of smoke, floating along the horizon, more than two hours before the flash of signals and the splash of heavy anchors brought them to rest in the blue waters of the ocean just off Hotel Del Coronado. From the moment the big vessels first became visible, the crowds on every vantage point the beach afforded stood in silent admiration watching the beautifully executed maneuvers which brought the fleet in lines of division to their allotted places.

### Present Grand Sight.

The spectacle as the ships took form out of the distance and came nearer and nearer during the two hours was the most splendid naval picture the Pacific coast has ever known. Changing from two long lines of eight ships each, the fleet was divided into divisions of four the flagships steaming abreast at the lead of their respective columns.

### Connecticut Leads

Near in shore came the Connecticut flying the blue flag of Rear-Admiral Charles M. Thomas, senior in command. Behind the Connecticut were the Vermont, the Kansas and the Louisiana, all sister ships and forming the heaviest and most spectacular of the divisions. The Connecticut was here two weeks ago with

# TAKESMEN WITH OPINIONS OF FORD'S INNOCENCE BOTH THE PROSECUTION

(Continued from Page 1.)

"That the supervisors received money?"  
"I don't know. I think they did. They said at least that they had received it."  
"Did you form the impression that they had received that money as a bribe or an extortion?"  
"I couldn't class it that way."  
"Could you connect anybody with their bribery?"  
"My opinion did not go so far."  
"Have you come to a conclusion as to whether or not you would give any credence to the testimony of the supervisors?"  
"I have no opinion on that as yet."  
"You can't say whether or not you would believe them under oath?"  
"I can't."

O'Gara at first challenged Havens, but later withdrew the challenge and passed him. Havens was cross-examined by Stanley Moore. The attorney developed the fact that the salesman was acquainted with James Phelan, that his office was located in the same building in which Phelan's bank was located and that he usually met Phelan every day. Havens also passed by the defense.

Max Ludwig, a saloon man and restaurateur at the corner of Presidio and California streets, told O'Gara that a side entrance to his saloon had been closed up last December, as also eight years ago. He knew Supervisor McGushin, who was also in the liquor business. It was not a matter of interest to him whether the supervisors granted or not. He had, he said, troubles of his own.

"At the present time you have no impression as to whether or not the Gallagher Board of Supervisors had accepted money while they were in office?" asked O'Gara.

"I know nothing about it one way or another," was the reply.  
Ludwig was passed by the State, after declaring that he would require circumstantial evidence to be convinced before he would vote for a conviction. He was cross-examined by Stanley Moore.

Ludwig said he knew of no reason why he could not give the defendant a fair trial and was passed by the defense.  
Carl Wagner, 153 Cassell street, was excused by both sides for bias. He said that last night a detective had called on him at his home and had asked him a hundred questions about the case. On cross-examination Stanley Moore got from the witness a description of the alleged detective which suggested the personality of one of the attaches connected with the prosecution.

"Have you ever," asked Moore, "seen, or do you know the man Oliver, who is an assistant of Mr. Burns, the detective for the graft prosecution?"  
"I do not know him," was the answer.  
"Then you don't know whether or not it was Oliver who called on you last night?"  
"No."

"You say you saw the man standing outside the court a couple of days ago?"  
"Yes."  
"When did he call at your house?"  
"About a quarter before 7 o'clock."  
"He asked you a great many questions?"  
"Oh, murder, yes."  
"Would you know the man if you should see him again?"  
"Yes."  
"Was he smoking?"  
"No."  
"How was he dressed?"  
"His suit, it seems to me, was like a

blue check."  
Wagner was told to look around the room to see if he could recognize the alleged detective, but failed to locate him. He then left the court.

George H. Fuller was excused for bias. Three more names were then taken from the small jury box. They were those of H. F. Smith, formerly a member of the school board of Oakland; P. A. Body and Christian G. Meyer. Smith was first examined by O'Gara. He said he had no opinion as to the merits of the case. He had known General Ford a number of years.

"Where did you meet him?" asked O'Gara. "I met him when I was reading clerk in the assembly at the Legislature in Sacramento a number of years ago."  
"Yes, he was a member of the Senate from one of the northern counties."  
"You met him frequently, being with him in the Senate?" "I wasn't in the Senate, I was in the Assembly."

"But you used to meet him?"  
"Yes."  
"You were friendly?" "Yes; I was always friendly with him. I would meet him sometimes passing through the hall and I would say to him, 'Good day, Senator.'"  
"These indictments were filed May last, nearly a year ago. You have often met him since?" "Very seldom; maybe three or four times."

**Commonplace Talk.**  
"Did you then say anything to him?" "I think I met him once after his acquittal."  
"What did you say to him?" "I think I said that I was glad that he was innocent."

"How long ago was that?" "I think it was several days after the close of the trial."  
"You were then expressing a real sentiment?" "Yes, I would be glad to see any citizen acquitted if he were innocent."

"If he were guilty you would not be glad if he were declared innocent?" "No, sir, I would not."  
"What was your opinion when you congratulated him?" "I had no opinion."  
"Did you have an opinion as to his guilt or innocence in that case?" "Yes, on the decision of the jury."  
"Have you now an opinion as to his guilt or innocence in this case?" "I have not."

Noon recess.

## FIVE JURORS ARE PASSED IN TIREY L. FORD TRIAL

When THE TRIBUNE'S report closed yesterday afternoon John M. Fischer, a saloon man at Twenty-fifth and Church streets, was under examination by Stanley Moore for the defense.

"Did you," asked the attorney, "ride on the street cars during the street car strike?"  
"I didn't go out of the house."  
"Didn't you hear people discuss the question of the strike as to whether the company was right?"  
"Yes; both ways."  
"People discussed it both ways?"  
"Yes."

"And you didn't express an opinion one way or another?"  
"No."  
"What was the first time you learned that Gen. Ford had been indicted?"  
"I didn't hear of it till I came to this court."

Fischer testified that he had never heard of Langdon, Burns or Spreckels. He did not know whether the supervisors had been given money.

"Have you an idea," asked the younger Moore, "that the supervisors should be granted immunity?"  
"That is not in my business. I don't know anything about it."  
"Have you heard of Spreckels meeting Gallagher at the Presidio?"  
"No."

"Haven't you heard of Spreckels meeting James L. Gallagher at the Presidio and promising supervisors immunity and then that the promise had been ratified by the district attorney?"  
"No."

"Have you ever heard of Patrick Calhoun?"  
"I have heard his name."  
"Have you heard that he had been indicted?"  
"No."

"Have you heard that he asked to be tried?"  
"I may have."  
Fischer was passed.

**Has an Opinion.**  
Frank F. Chamberlain was examined by O'Gara and said in reply to a question as to whether he had formed an opinion as to the guilt or innocence of Calhoun:

"I have formed an idea as to the guilt or innocence of Calhoun, but that does not extend to Mr. Ford. My opinion, however, is such that I would not convict on the information that I have. I have no opinion only in favor of the defendant."

Chamberlain was cross-examined by A. A. Moore, who stated at the same time that Ford had been indicted for an alleged attempt to bribe Supervisor Coleman.

"Did you ever understand that General Ford went to see Coleman at all?"  
"I can't say whether he did or not."  
"You have heard that the indictment against Calhoun was found last May, a year ago, and that he has since clamored for a trial and that the district attorney has refused to try him?"  
This was objected to and the objection was sustained. The same treatment was accorded by the court to a number of questions by Moore.

"Have you ever heard that Calhoun has ever been tried?"  
Objected to.  
"Have you ever read in the newspapers that Calhoun asked to be tried?"  
Objected to.

**Graft Manager.**  
"Have you ever read that Fremont Older, of the Bulletin, claims the honor of having been the organizer of the 'big stick' in the graft case, after a visit east to Washington to President Roosevelt?"  
"No, I have not."  
"Have you heard that Rudolph Spreckels is the manager of the graft on the Pacific coast?"  
Objected to.

"Have you heard that Rudolph Spreckels is the employer of the man who sits on the left of Mr. O'Gara (indicating Detective Burns)?"  
"No."

"Have you learned that Burns is the

principal man running the detectives in the graft?"  
"I have heard something about it."  
"Have you learned that Burns is not in the employ of the city or the State?"  
Objected to.

"Do you understand that Burns is sitting here for money?"  
Objected to.  
"When did you first learn that General Ford was implicated in the case?"  
Objected to.

"You have said that you had some kind of idea as to Mr. Calhoun in this case. I'll ask you now to say whether or not you ever saw one word or one line in any newspaper implicating Calhoun in any bribery case, unless it was the declaration of Burns or Heney or Langdon. Will you tell us the day or the paper in which you ever saw a word accusing Calhoun of bribery unless it was something like this, 'Burns, the great detective, who never sleeps, says Calhoun is a briber,' or 'Heney, the man who has been in Oregon, says Calhoun is a briber,' or 'Rudolph Spreckels says that Calhoun bribed the supervisors, and I will probably soon succeed to the United Railroads'?"

"Well, I got the idea from the headlines in the papers."  
"The Bulletin?"  
"Not altogether."  
"You belong to the Good Government League?"  
"Yes."

"When did you join the Good Government League?"  
"Before the election."  
"Did you join at the instance of Isidore Jacobs?"  
"No."

"You knew that Isidore Jacobs was gathering in all the members he could for the Good Government League to strengthen the hands of Spreckels and Heney and enabling him to identify himself with the Good Government League?"  
"No, sir; I did not."

**Immunity Contracts.**  
"Coming back to the question of immunity, you understood that somebody had granted immunity to the supervisors. Do I understand that you approved that?"  
"I did not."

"But if they gave immunity to anybody before they testified or returned indictments against only the United Railroads and Glass would you approve of it?"  
Objected to.  
"Would you have approved of it if there had been given immunity to forty or fifty persons for the purpose of trying to secure the conviction of Calhoun?"  
Objected to.

"Did you form any opinion as to what the supervisors had confessed on promise of immunity?"  
Objected to.  
"Having in mind that you have some impression against General Ford and Calhoun—it may be slight but still an impression—would that be strengthened or otherwise affected by the fact that confession of the supervisors was made originally at the instigation of Spreckels at a conference between Spreckels and Supervisor J. J. Gallagher at the Presidio?"  
Objected to.

"The impression you have is based in some degree on the so-called confession of guilt of the supervisors?"  
"I got it from the papers."  
"If you could eliminate that confession, what is there on which to form an opinion as to the guilt or innocence of these gentlemen?"  
"I can't state."

**Saved Themselves.**  
"If those supervisors did make a confession under compulsion by Spreckels and Burns, and simply to save their skins, or under the threat to be kept out of jail if they were good or sent to jail if bad, could any impression be found as to the guilt of the defendant?"  
Objected to.

The disallowance of the challenge of Chamberlain filed the jury box and the court ordered the exercise of peremptory challenges, the prosecution opening.

When this feature of the work had been completed the State had called Raasmussen, Louis Cohen, H. E. Cook and J. A. Sorenson. Those excused by the defense were J. M. Fischer, H. Schoenfeld and Frank P. Chamberlain.

The vacant places in the box were filled by the drawing of the following names: Antonio Fodera, John J. Pratt, Bernard Mayer, Charles A. Havens, Max Ludwig, Carl Wagner and George H. Fuller.

Before last evening's adjournment Fodera and Pratt were passed by both parties.

Adjourned till 10 o'clock this morning.

## EVIDENCE IN BOARDMAN CASE

Witnesses Called Today by the Proponents of the Alleged Will.

The contest over the estate of the late Joseph Boardman was again called in the Superior Court this morning. Mrs. Boardman, the widow, is contesting the will. She presented the will to the court and asked that it be set aside. An outsider named Savage now comes in and asks that the will be admitted to probate. Savage is named as a trustee in the will. Mrs. Boardman presented four freak witnesses to the court. She wants the estate administered upon under the laws of the State. Joseph Boardman left no heirs except Mrs. Boardman, the widow, and her minor daughter.

**Attorney Testifies.**  
A. T. Black, an attorney of San Francisco, was called by the proponent of the will. He testified that Mr. Boardman called upon him in 1905 shortly before Mr. Boardman was appointed guardian of his person and estate.

Witness testified that Boardman told him he wanted to make a substantial gift to the Y. M. C. A. of San Francisco. He asked of Boardman the San Francisco property to the association. Witness was attorney for the Y. M. C. A. This was the substance of the first conversation.

Mr. Black said that during the second conversation Boardman asked him about the best way to make a trust about the best way to make a trust of his property. Boardman mentioned several places of his property during the conversation.

Witness had five conversations with Boardman. Nearly all the talk referred to the best way of tying up his property in a trust.

**Talks of Trust.**  
Attorney R. M. Fitzgerald took the witness on cross examination. He asked the witness what he talked about.

He talked about various charities. He mentioned the Y. M. C. A., a hospital, a college and the California Pioneers.

Witness said he wanted to leave his wife \$100 a month for herself and child. Mr. Black stated that it would take a long time to ret at an intelligent conversation with Boardman. The last conversation with Boardman, Mr. Black latter was slow of speech for Boardman never prepared any papers for Boardman. He presented a small bill man. Witness for \$50, which was paid. Boardman could not give witness any definite idea of what he wanted to do with his property.

Dr. Henry R. Kreutzmann of San Francisco, was the next witness called. He testified that he met Joseph Boardman in 1902 or 1903 once. He could not remember the date. He owned property adjoining Boardman's property in San Francisco. Boardman's property was in a poor condition and he said he wanted him to repair it. Boardman said he would do so.

On cross examination witness said Boardman had a man with him—an attendant. Witness only talked with Boardman for five minutes. That was all he knew about Boardman.

**Went to Y. M. C. A.**  
F. E. Miller of 1025 Seventh avenue, manager of a creamery, but in 1905 assistant secretary of the Y. M. C. A. in San Francisco, testified that C. A. in San Francisco, called at the Y. M. C. A. on Sunday afternoon and told witness he wanted to leave a piece of property valued at more than \$100,000 to the association. He called on witness at the Y. M. C. A. two or three times. Boardman flattered in his speech. He spent the first Sunday afternoon he called at the Y. M. C. A.

On cross-examination witness said Boardman called at the Y. M. C. A. in San Francisco the first time at 2:30 and remained until 5:30 p. m. Boardman told the witness that he had made his money in San Francisco and Oakland and he wanted the people of those two cities to profit by the money he had made. He did not seem to have a fixed purpose what he wanted to do with his money. At the third meeting witness had with Boardman the latter said he wanted to leave the Y. M. C. A. certain property.

## NEW OFFICERS CHOSEN BY ATHENIAN CLUB

THOMAS D. CARNEAL  
Newly Elected President of the Athenian Club.

## Thomas D. Carneal Elected to the Presidency of Organization.

At the annual election of the Athenian Club, Thomas D. Carneal was elected president; Frank W. Bilger, vice-president; F. J. Woodward, James P. Edoff and Edward W. Engle, directors. All the newly elected officers are men prominent in the business and social life of Oakland and they were chosen by the unanimous vote of their fellow members.

The Athenian Club is one of the oldest in Oakland. It was founded a quarter of a century ago and reflects the social and commercial life of the city and its growth is an evidence of the great advance Oakland has made in recent years. The club was modeled originally on the same basis as the Bohemian Club of San Francisco and has followed on the lines and traditions of that organization. It has always been prosperous, but never so prosperous as now and membership in it is a thing to be desired and which is eagerly sought.

# PISTOL AND GAS END 2 LIVES

Worry Over Son Causes Contractor to Kill Himself; Love Affair Too Much for Motorman.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 14.—Two men, despondent from various causes, committed suicide during the night. One of them was in the prime of manhood, while the other, although not old, was yet beginning to reach that age when the cares of life are apt to weigh most heavily. They chose widely different means of ending their existence, the younger man using a revolver, while the older one was content to snap out his life by gas asphyxiation.

About 8 o'clock last evening Mrs. W. R. Velthuis of 1284 Twelfth avenue, Sunset, noticed that her husband had disappeared rather suddenly while he was working about the house, and she went upstairs to look for him. She found him in a small back room, lying on the bed with a tube attached to the gas jet in his mouth. She summoned Dr. Quigley, who lives near by, and although the physician worked over the man for two hours, could not bring back the faint glimmer of life and he died about 11 o'clock.

Velthuis was a carpenter and contractor and leaves besides his wife, two daughters. He was fifty years old and had been despondent because his son was arrested several months ago and had been sent to sea to avoid imprisonment.

John Jones, a motorman in the employ of the United Railroads, returned to his home at 805 Fourteenth street a little before one o'clock this morning. He had been drinking a little since he was relieved from his run about 11:30 p. m., and earlier in the evening he said to his father that it might be a good idea to end it all. When he reached the house he went straight to his own room, where Jas. Barnes, his room-mate, had already retired.

Going to a bureau drawer he drew forth a revolver and said: "Jim, I'm going to kill myself." His friend remonstrated with him and tried to grasp the gun from his hand, but Jones fled from the room and, running downstairs, with his companion in pursuit, paused upon the sidewalk, and raising his revolver, fired a shot into his right temple, dying instantly.

Policemen Kirby and Hextrum, attracted by the shot, ran immediately to the scene and the body was removed to the morgue.

## WEDS YOUNG MAN WHOM SHE NURSED

Hospital Patient Succumbs to Charms of His Pretty Young Attendant.

BERKELEY, April 14.—The marriage of Miss Mildred Forsyth, daughter of J. W. Forsyth of 1277 Haste street, and Thaddeus Jordan, an employee of the Swiss-American bank of San Francisco, on February 24 last at Mill Valley, has been made public. The young couple say they kept the ceremony a secret in the spirit of fun.

Back of the wedding lies a pretty romance. Miss Forsyth after graduating from the high school in this city adopted the profession of nursing at Mount Zion hospital in San Francisco. In November of last year Jordan was patient in Miss Forsyth's ward and their meeting there ended in the wedding of the young people.

## JUDGE MURASKY TO TELL CLUB OF JUVENILE COURT

## CRACKSMEN FOILED IN BREAKING SAFE

BERKELEY, April 14.—Cracksmen made a futile effort to break into the safe of Towns & Woodsum, coal and wood dealers, at 1939 University avenue last night. The thieves tried to break off the combination knob with a sledge hammer but the robbers, after defacing the paint and battering the steel, evidently gave it up as a bad job and made their escape.

## SUBMITS PLANS FOR 900-FOOT WHARF FOR CITY ON ESTUARY IN EAST OAKLAND

SUGGESTION SUBMITTED TO CITY COUNCIL FOR IMPROVEMENT OF 900 FEET OF OAKLAND'S WATER FRONTAGE.

## E. C. Sessions Suggests Improvements to Council

A suggestion, in the form of a communication, in relation to proposed improvements of the water front and opening of the avenues in East Oakland was presented by E. C. Sessions to the city council last night. The communication which was referred to the committee of the whole is as follows:

"To the members of the City Council, Oakland, California: Gentlemen—As the question of the opening of the avenues in East Oakland is being taken up at the present time, and as the city attorney has declared his opinion that the avenues must be opened to pierhead line if the city desires to acquire wharves at the end of these avenues, I desire to call the attention of this honorable body to some of the existing conditions in regard to the East Oakland water front. State grant of water front of 1852 only gave to the city the tide lands of the old town of Oakland. It has been decided by the Supreme Court of this State that the easterly boundary line of the old town was the north arm of the estuary leading to Lake Merritt and it has also been decided that the extension of the old town does not carry an extension of the grant of 1852; therefore, at the present time, the city has no rights to East Oakland water front.

## Open New Avenues.

"It is my opinion that some, not all, of the avenues in East Oakland should be opened at an early date, but not extending further to the south than the southerly line of the right of way of the Southern Pacific and Western Pacific railroads, which would be a sufficient opening for the owners and tenants occupying these water front properties. The further opening of any of these streets would be a matter of not only great expense to the city, but a great damage to the value of the tide lands which are most valuable for manufacturing and shipping purposes, and if these lands are cut up in small parcels by streets and wharves, the damage would amount to hundreds of thousands of dollars. The majority of the manufacturers and shippers require acreage property in parcels in a good many cases, from five to ten acres, or often more.

The opening of 5th, 6th, 7th and 8th avenues to pierhead line would damage greatly the property of the Magneto Dock and Land Company, James de Fremery and others. The opening of 7th avenue, for instance, to pierhead line, would practically cut off 1100 feet of the frontage of the Great Western Power Company on Sessions Basin, and this frontage could not be used by the

## CHARGES BIGGY PROTECTS VICE

Missionary Says He Will Publish Names of Barbary Coast Property-owners.

SAN FRANCISCO, April 14.—J. C. Westenberg, superintendent of the Whosoever Will Rescue Mission on Pacific street, created a sensation at a meeting of the Equal Suffrage League, 2419 California street, yesterday afternoon, by calling Chief of Police Biggy a moral coward, accusing him of protecting dens of vice, and charging him with deliberately preventing missionaries from rescuing girls on the Barbary coast.

Westenberg exploded a bomb among the women, many of whom are wealthy and high in social circles, by declaring: "In a short time steps will be taken to secure the names of the higher-ups who own and rent property in the Barbary coast—and we will make them public, too. We are determined to stamp out open vice in San Francisco."

The meeting was called especially to hear Westenberg's address. About twenty members of the league were present, with Mrs. Horace Coffin presiding.

Westenberg said, in part: "Chief of Police Biggy is a great disappointment. By his actions he has shown that he lacks the moral courage necessary for a chief of police. He lacks the moral courage to accomplish reforms."

## Worst City in World.

"Biggy is protecting prostitution and vice. He will not allow us to try to raise these poor girls from the awful position they are in."

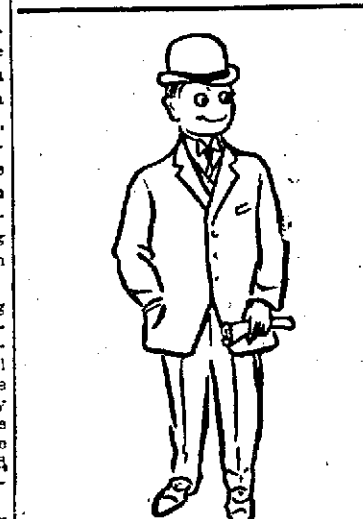

"Biggy has made himself just as liable to indictment by protecting prostitution as were Jerry Dignan and Mayor Schmitz. "Conditions of open vice in San Francisco are worse than they are in any other city in the world." We are practically twenty-five years behind every other city in the United States in that respect. Vice down there that is allowed to run unrestricted, would shock you. Biggy has done nothing to put a stop to conditions on the Barbary Coast."

## Little Girls Ruined.

Westenberg was told by members of

the league that Biggy had said there were no girls under twenty years of age in houses along the coast.

"If Biggy said that he was wrong," declared Westenberg, "for there are many girls in the tenderloin between fifteen and twenty years of age. In my work there I have even found girls as young as fourteen years old. The police will not allow us to try to rescue them from the fearful vice that holds them."

## THIEF ESCAPES FROM GIRL'S GRASP

Stylish Young Robber Runs to College Campus With Crowd in Pursuit.

BERKELEY, April 14.—The trap set by the Berkeley police yesterday to catch the stranger who robbed the Northgate apartment house and who is believed to be the leader of a band of burglars and sneak thieves operating in Berkeley and Oakland for the past month, snapped without prey.

The suspect gave the name of Wyethe to Mrs. W. W. Henry when he applied to the Northgate for apartments Saturday night, would probably be in the toils but for the zeal of one of the woman servants of the house. When Wyethe left his room for a time yesterday morning two of the lodgers at the Northgate, Miss Brewster and Mrs. Hamilton, reported the loss of some jewelry from their rooms. By accident a handcatcher he had left behind was wide open and among the contents was \$120 worth of plunder taken from the home of W. F. Youm at 231 Bancroft way last Tuesday night. The police believed the man would return and instructed Mrs. Henry to call up Central station the moment he did, taking care not to give him any cause for alarm. But the servant whom Mrs. Henry had taken into the secret believed that the best way to catch a burglar is to throttle him and grappled with Wyethe the moment he walked in the front door a few minutes after 11 o'clock yesterday. She was thrown to one side for her pains.

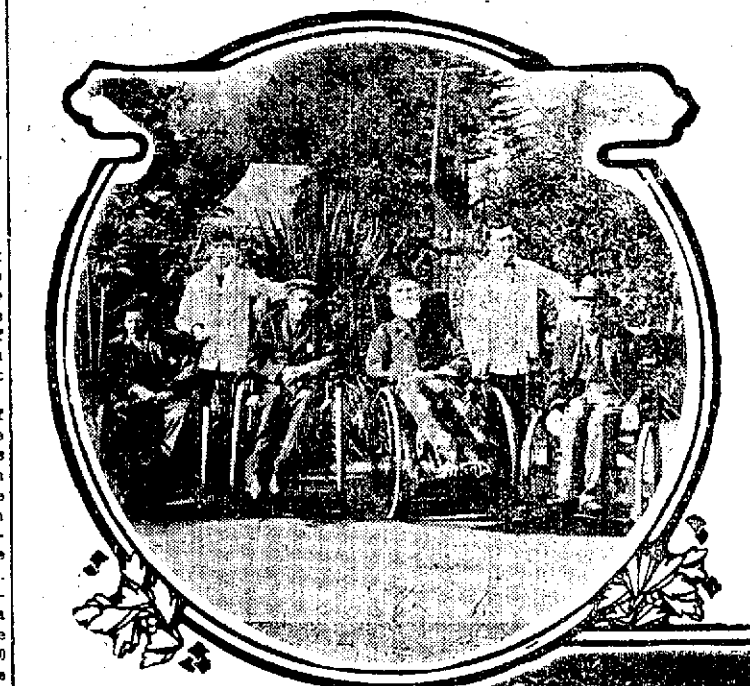

The police believe that the thief ran straight through the campus from the Northgate to the College avenue entrance and was on a College avenue car for Oakland before their cordon had been established.

## CARLOAD OF RAT TRAPS ARRIVES IN COLLEGE TOWN

Unhappy Days for Rodents When Bait Is Distributed.

BERKELEY, April 14.—A car load of rat traps was received from the East this morning and distributed among the rat catchers brigade. Because of the delay in the arrival of the shipment the work of the sanitary inspectors and the rat killers has been seriously interfered with. There are 1600 traps in the lot and they will all be properly baited and set out at once.

## SAILOR VICTIM OF HOLD-UP MEN

Mate on General Frisbie Is Robbed of Coin and Watch.

(Special to The Tribune.)

SAN FRANCISCO, April 14.—Walter Wernham, a mate on the steamer General Frisbie, fell a victim to two masked footpads whom he encountered on lower Jackson street as he was making his way to his vessel at 2 o'clock this morning. The thugs had been hidden behind a pile of lumber and before Wernham could think what had happened he felt the muzzle of a revolver placed close against his cheek and ordered to throw up his hands. The robbers relieved him of his gold watch and chain and \$6 in cash, and warning him to make no outcry they fled in the darkness.

# DENIES AID TO 'MERRY WIDOW'

Court Refuses to Grant Mrs. Van Horn Writ to Compel Payment of Alimony.

The suit for divorce brought by Ross H. Van Horn, principal of the San Rafael High School, against Mrs. Marion Van Horn, whom he alleges, acted like a "merry widow" in college circles in Berkeley, had another inning in the Superior Court of this county this morning. Judge O'Brien denying the motion for a writ of execution brought by Mrs. Van Horn against her husband. This decision is probably the closing chapter in a long sequence of sensational which developed in the hearing of the suit.

Mrs. Van Horn set forth in her motion for a writ of execution, that her former husband had not paid her about \$1000 in back alimony. The motion has been pending for some time, as an interlocutory decree of divorce was granted Van Horn on December 19, 1904.

Van Horn, in answer to his wife's motion, asserted that he had paid all alimony that was due and that, although he had been awarded the custody of his son, John Willie Van Horn, he had never been allowed to see him or to obtain the custody of him.

At the time suit for divorce was brought Mrs. Van Horn was residing in Berkeley with her daughter, Marion, a prominent society girl. Van Horn attended to his duties in San Rafael and would visit Berkeley Saturdays and Sundays. He claimed in his action for divorce that Mrs. Van Horn had been accepting the attentions of college youths and that on several occasions he found his wife sitting in the lap of some college student.

# EVIDENCE OF PROSPERITY

Complete Renovation and Beautiful New Decorations Have Just Been Completed at the Eilers Music Company's Warehouses.

Complete renovation and beautiful decorating has just been completed in the warehouses of the Eilers Music Co. on Clay street, near 13th. The walls have been retinted, frescoed and alterations have been made to better accommodate the steady and immense increase in their business, also for the display of the large stock of pianos and automobiles now being received from Eastern factories. Manager F. L. Jordan of this firm has been contemplating these renovations for some time, but until now they really have had no time to attend to it.

Mr. Jordan asserts that during the last six months a business of the Oakland store has been forty per cent greater than ever before known in a like period.

This firm has immense shipments of pianos arriving daily. Some beautiful art designs in both grand and uprights that will please the most fastidious, are on display here. At the great Pacific Coast house handles and controls over forty different makes of the world's leading pianos. It surely is a simple matter for them to please the most critical.

# TURFMAN'S WIFE ON TRIAL FOR MURDER OF RIVAL

Mrs. De Arman in Court in Nurse's Care

MONROVIA, Cal., April 14.—The preliminary examination of Mrs. L. Z. De Arman, charged with the murder of Mrs. Helen Griffin, whom Mrs. De Arman shot and killed in the Monrovia postoffice a few weeks ago, was commenced today.

# FRAMEWORK OF BERKELEY CHARTER PUT TOGETHER

Freeholders Approve Scheme as Presented

BERKELEY, April 14.—The framework of the new charter which the people of Berkeley will be called upon to ratify within a few weeks was put together last night by the freeholders. Briefly stated it is the Des Moines idea, as distinguished from the Galveston idea, and is a very slight modification and amendment. Under it the present Board of Trustees and the school board will give way to a commission of five men elected at large, in whom will be vested the absolute control and management of the municipal machine. All the members of the board present at last night's gathering voted in favor of this scheme and the details and trimmings will be added later.

There will be provision made for curbing or discharging incompetent or rebellious elective officials by the recall plan, which provides that 15 per cent of the voters may at any time petition for a re-election of an elective officer upon competent showing that he has been unfaithful to his duties. The initiative and referendum will also be one of the cardinal features of the charter.

The four commissioners under the new charter will have separate and distinct duties and their decisions will be final. One official belonging to the treasurer, assessor and auditor and their auxiliary offices. Another commissioner will have charge of the public safety, under which head would come the fire department, the police, the streets, the public health and the like. A third commissioner will control the educational system, or the school department. It is commonly called a fourth will have supervision over public utilities, street cars, water and gas supplies and their affiliated industries. The Mayor will be the executive of the municipality but he will have no veto power. The decision of the commission, as said before will be final, but they will be guided and instructed in reaching decisions by an advisory board, selected by wards, in character something like the present Board of Trustees.

# OFFICER OF DEFUNCT BANK IS BEFORE GRAND JURY

J. Dalzell Robertson Offers Testimony

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, April 14.—The grand jury meets this afternoon to hear the testimony of J. Dalzell Robertson, assistant-secretary of the defunct California Safe Deposit and Trust Company, who surrendered himself to the sheriff yesterday and who is himself indicted on two charges of swindling in connection with the wrecking of the bank.

Whether or not any further indictments will be found as the result of the testimony to be given by Robertson is a matter of some conjecture, but it is believed that if the former bank official tells all he knows further indictments may be returned against Brown and Barnett as well as against some other employees of the institution which have thus far escaped detection.

Although the district attorney maintains that no promises have been extended to Robertson and the latter absolutely refuses to call for publication, it is believed that he has been given to understand that he will be leniently dealt with and that the district attorney will ask for clemency for him in the event that his case is brought to trial. It is asserted, moreover, that Mrs. Robertson secured some concessions and promises from the district attorney before her husband would agree to come to this city from New York.

# BASEBALL SEASON HAS FINE START

Large Crowds Attend League Games at Freeman's Park; Van Hatten Happy.

Baseball is king in Oakland today. Never before in the history of ballroom has a season been ushered in with greater prospect of success than the present one. An unusually large crowd for a week day is on hand at Freeman's park and enthusiasm abounds. Pop Hardie has the ground in the best of condition and the players are pleased with the fine condition of the playing field.

The grand stand is well packed and the bleachers are filling rapidly. Ed Walter, president of the Oakland Baseball Club is greatly pleased by the turnout of fans and expressed his happiness for the manner in which the fans showed for the first game. Van Hatten said that Bill Wright and Jack Slattery would be his battery, while Long will send Henley and Berry to the mound. Van Hatten said that the first game of the season was celebrated by an auto parade this afternoon, which started at 4 o'clock.

The parade consisted entirely of White steamers, having four large '08 straight body cars leading, followed by other '08, '07 '06 models and on down to the first type of White steamer automobiles made.

**WILL ISSUE ANOTHER CALL**  
BERKELEY, April 14.—The school board, yielding to pressure from the political and commercial organizations of the town will this evening, according to plans now being formulated issue a call for another election for \$250,000 worth of school bonds. The purpose of which is proposed to devote the money to the same as in the election turned down on Saturday last. In fact the town will be asked to vote on the identical proposition of four days ago.

Although a motion carried it is not yet to bear the expense of the election, about \$1000 in case the result is adverse to the bonds and the various political organizations of Berkeley have guaranteed that they will gather their voters into the fold and see that they remember the polling places and do not forget the "constitutional prerogative of the ballot."

Berkeley does not like the bill which it is being forced to swallow with the positive assurance from President Lewis and other members of the school board that there are no resources to continue classes beyond May 1 and that all graduation and commencement exercises will be canceled. Both companies believe in the sorrow of the children, the town is in consternation. Even the West Berkeley people are declaring that they are sorry they "done it" and it is expected that if they get their chance at the bonds they will vote in their favor.

## Freighting Company HAS CHANGED HANDS

Steamer Surprise Will Replace Suisun City on Run.

The Hunt, Hatch Transportation Company has been purchased by W. A. Van Horn, who will conduct their business as before. This company did a general freighting business across the bay and Mr. Van Horn will continue along the same lines.

The steamer Surprise has replaced the Suisun City and will leave the Oakland wharf at the foot of Webster street at 9 o'clock daily except Sundays.

Mr. Van Horn requests the business of all the old patrons and promises prompt and efficient service.

# 'RAW DEAL' MAYOR DECLARES

Alameda's Executive and City Council Wage Battle Over the Question of Playground.

ALAMEDA, April 14.—"Raw politics" and "rotten politics" were some of the terms applied by Mayor E. K. Taylor and Councilman E. B. Bullock to the efforts made last night by representatives of the "solid five" on the city council who want but one public playground for the entire city of Alameda to have the city clerk instructed to communicate with School Superintendent Fred T. Moore, the members of the Board of Education and the members of the original committee on playgrounds and learn from them whether they now favored one playground or three playgrounds. The debate was bitter and personal at times.

Councilman Robert S. Gee provoked the trouble after the ordinance calling for the referendum on the playground question had been passed. Geo. moved that the city clerk be ordered to write to the superintendent of schools, the members of the Board of Education and the members of the first playground committee and ascertain what their views were at this time with regard to public playgrounds.

"I cannot see the use or the relevancy of such a motion at this stage of the proceedings when you have just voted to pass the matter up for settlement by the people at the coming election," said Mayor Taylor. "This motion looks to me like the rawest kind of raw politics and I will rule that the motion is out of order."

Councilman Loop derided that there was any politics in the matter or any attempt to make municipal action to be used in the playground campaign and took an exception to the ruling of the mayor. A vote to sustain the ruling of the mayor was lost by a vote of 4 to 3.

The action of the "solid five" in turning down the ruling of the mayor again aroused him, and he said:

"I had not intended to take any hand in the playground campaign after the passage of the ordinance putting the problem up to the people for solution, but after the action of the majority here tonight I am determined to get into this battle and stay to the finish. I will show how unfair and unjust the majority of this council has been to me over this playground site. This council has no right to drag the Board of Education into this range of a cause for friction between the school directors and the council. In addition to this the council has no power to make a political campaign bureau out of the Board of Education to promote the plan of the majority of this council to have but a single playground in all Alameda."

**Resents Mayor's Words.**  
Councilman Magagnoli resented the remarks of the mayor that the majority of the council had been "raw politics" and taking undue advantage.

"I take exception to the mayor's statement that we have tried to do raw politics and that we have been unfair," declared Magagnoli. "I have been on this council for a long time and I have always voted as I thought was right. The minority has taken advantage and has tried to jam us right along."

Mayor Taylor stated that the minority could not be treated the majority fairly and leniently.

"I regret this wrangle and these proceedings," said Councilman Noy. "The Board of Education, the school superintendent and school board should not be pulled into this mix-up. We want no politics in the Board of Education if we can avoid it."

**Will Fight to Finish.**  
"I had not intended to take any hand in the playground campaign after the passage of the ordinance putting the problem up to the people for solution, but after the action of the majority here tonight I am determined to get into this battle and stay to the finish. # FORAKER DEFENDS RIOTERS

Senator Urges Reinstatement of Negro Troops—Colored People Fill Senate Galleries.

WASHINGTON, April 14.—Seldom if ever has the capital of the United States seen so many negroes as today. They were attracted by the announcement of Senator Foraker's speech in defense of the negro soldiers who were discharged by the President on account of the Brownsville riot. As soon as the Senate's public galleries became available, the negroes crowded in them until all the space to which admission cards are not necessary was occupied.

Long before the Senate opened every seat was taken and the corridors contained almost enough people to rell the galleries.

**Not to Embarrass President**  
"Before entering upon this labor," said Mr. Foraker, "it may not be amiss to remark, in view of the many misstatements that have been made, that the purpose of this investigation has not been to embarrass the President or anybody else, nor has it been to make any capital of any kind, political or otherwise, against anybody or for anybody."

He said that the investigation was to find the facts and added that the soldiers gave their evidence with such straightforward frankness and with such manifest truthfulness that nothing remains to show their complete vindication except only the discovery of the real culprits which time will surely make unless the adage "that murder will out" has ceased to be a truth.

**Testimony Unreliable.**  
"Their testimony so given is sufficiently contradictory to show that it is unreliable," he said, "but aside from the contradictions on account of the darkness of the night, many things that they testified to could not have possibly been observed by them."

"Conceding for the sake of argument that the witnesses undertook to testify truthfully, the story and the unreliable character of the evidence of the principal so-called 'eye witnesses' with out their testimony there is no creditable evidence whatever to support the charge that the first shots were fired from the barracks, or that there was any jumping over the wall by anybody."

**Soldiers' Testimony Stands.**  
"Without the testimony of these four witnesses the testimony of the officers and of the men of the battalion that the shooting commenced at some point outside the barracks stands practically uncontradicted."

**Cannot Create Army.**  
Regarding the proposition given the President in the Warner bill, he said: "And if we are to be further reminded, as we have been, that the President is the commander-in-chief of the army, it is sufficient answer that, while it is true, it is also true that he does not create the army."

"It is not for him to say who shall not enlist or shall enlist. All that he would be but pressing a grant relief for manifestly none would follow."

"Our actions would but add insult to injury. It would be without precedent for it may be safely asserted that never before in the history of civilization has a legislative body been invited to require men accused of crime to prove their innocence before a hostile judge who has already adjudged them guilty."

"The very purpose of the Warner bill is to place the responsibility of the nation upon the shoulders of the Congress and to extend its territory or in any other manner seek material aggrandizement."

**Measure of Peace.**  
"Having in view this solemn responsibility, I earnestly advise that the Congress now provide four battalions of the most advanced type. I cannot too emphatically say that this is a measure of peace and not a measure of war. It is a measure of peace under which the public would enter into an aggressive war, most certainly under no circumstances would it enter into an aggressive war to extend its territory or in any other manner seek material aggrandizement."

**Small Defense Invites Aggression.**  
"Our army is so small as to present an almost absurd contrast to our size. It is properly treated as a little more than a nucleus for organization in case of serious war. Yet we are a rich nation and undefended wealth invites aggression. The very liberty of individual speech and action, which we prize and guard, renders it possible that at times unexpected causes of friction with foreign powers may sud-

# ROOSEVELT WANTS BIG WARSHIPS

(Continued from Page 1.)

The message is as follows: "To the Senate and House of Representatives. Let me again urge upon Congress the need of providing for four battalions of the best and most advanced type at this session. Prior to the recent League conference it had been my hope that an agreement could be reached between the different nations to limit the increase of naval armaments and especially to limit the size of warships. Under these circumstances I felt that the construction of one battleship a year would keep our navy up to its then position and relative strength. But actual experience showed not merely that it was impossible to obtain such an agreement for the limitation of armaments among the various nations, but that there was no likelihood whatever of obtaining it in future within any reasonable time. Coincidentally with this discovery occurred a radical change in the building of battleships among the great military nations—a change in which it was apparent modern battleships have been or are being constructed of a size and armament which doubles or more than doubles their effectiveness. They other great naval nation has or is building a number of ships of this kind, we have provided for but two and therefore the balance of power is now inclining against us."

**Double Danger.**  
"Under these conditions to provide but one or two battleships a year is to provide that this nation instead of advancing shall go backwards in naval rank and relative power among the great nations. Such a course would be unwise for us if we content ourselves on one ocean and it is doubly unwise for us if we front on two oceans. As chief executive of the nation and as commander in chief of the navy, the responsibility of providing me the solemn responsibility of advising the Congress of the measures vitally necessary to secure the peace and welfare of the republic in the event of international complications which are even remotely possible."

**Measure of Peace.**  
"Having in view this solemn responsibility, I earnestly advise that the Congress now provide four battalions of the most advanced type. I cannot too emphatically say that this is a measure of peace and not a measure of war. ## HAYWARD DECLARES FOR OPEN DOOR ON SUNDAY

Liquor Forces Are Victorious in  
the Election Held at  
Richmond.

In a fierce battle for Sunday closing of saloons, the Good Government League lost in Hayward yesterday. A tremendous effort was made to elect C. F. Van Dyck, L. R. Rosenberg and James Borrell, who had pledged themselves for Sunday closing, but they were defeated and the liquor forces elected a ticket composed of Charles W. Meyer, head of the present board, and owner of the Hayward brewery; S. J. Simons and Martin Wesa.

There was no contest over the other officers, the incumbents being re-elected as follows: Marshal, C. J. Schilling; Clerk, V. M. Reese, Treasurer, E. H. Haas. A body of women showed their interest in the Good Government League fight by serving refreshments to the voters for the anti-saloon ticket.

The vote polled was the largest in the history of the town, the total being 526. Results at Richmond.

The saloon candidates for the Board of Trustees in Richmond overwhelmingly defeated the anti-saloon forces yesterday. The vote was 100 to 100. There was no contest over the other officers, the incumbents being re-elected as follows: Marshal, J. M. Perrin, Levi Burrell and J. B. Willis, were elected by a large majority. J. H. Cress was re-elected town marshal by a 5 to 1 vote. A total of 1269 votes was polled.

Other Results.

At San Leandro, after a stirring contest, three trustees were elected out of a field of seven candidates. They are J. J. Gill, C. Q. Ridsout and L. J. Toftalmier, defeating F. B. Force, W. H. Gorman, E. Morgan and N. H. Simmy. M. Geisenhofer was re-elected Marshal. J. W. Hubert won over F. H. Ury for Town Clerk. F. Meyer was elected Treasurer.

The vote was heavy at Emeryville, there being 650 ballots cast out of a registration of about 1000. There was no contest over the other officers, the incumbents being re-elected as follows: Marshal, J. S. Emery, E. J. Stoor and John C. Cobern were re-elected a Board of Town Trustees. Frank H. Farn Town Clerk; F. P. Foulter, Town Treasurer; to succeed G. G. Mayborn, deceased; and E. J. Carey, Town Marshal.

Regular Ticket Wins.

At Piedmont, the regular ticket won, there being 100 ballots cast out of a registration of 1000. The election of the former office holders, excepting the town clerk, who was re-elected by a majority of 112 cast. The ticket is as follows: Board of Town Trustees—Hugh Craig, Harry H. L. Farr, Charles S. Givran, George W. McNeil, Jr., and William K. Vickery, the latter succeeding Miles Standish, who was not a candidate for re-election because of his intended extensive trip abroad. Town Clerk, Wallace W. Everett; Town Marshal, S. A. Kendall; Town Treasurer, J. B. Richardson.

At Pleasanton, there was no opposition, all the incumbents being elected, as follows: Trustees—Joseph Neiva, F. Sinclair, Charles Schwann, Treasurer, E. L. Bened, Clerk, Joseph Neal, Marshal, Frank Neiva.

At Livermore, there was only one ticket in the field. Those elected: Trustees—J. D. Ryan, Fred Mathieser; Treasurer, W. H. Taylor, Clerk, A. L. Henry; Marshal, C. F. Lefevre.

## PROHIBITION WINS IN SOUTHERN CITIES

Many Towns Go Dry—Hymns  
Are Sung as Results  
Are Announced.

LOS ANGELES, April 14.—As a result of the municipal elections yesterday in the city of the sixth class, the licensed saloon has been wiped out entirely in Riverside county, Corona and San Jacinto, the remaining two communities where the saloon had a foothold, went dry.

At the headquarters of the Anti-Saloon League in this city there was much jubilation over the result of the battle that ended with the counting of the ballots in the elections. In addition to the two communities referred to, Santa Paula in Ventura county, and South Pasadena in Los Angeles county, also voted against the saloon. Both have previously been dry. Oceanside, in San Diego county, went dry by a majority of three to one.

In Santa Paula and Corona the result, when announced, was greeted with the singing of hymns in the public streets. Ocean Park's municipal election yesterday raised a new point of law that will require to be interpreted by the state courts. The judges of election overlooked the action of the Legislature of 1907 in amending the election law. Under the old law persons entitled to vote were required to register forty days before election, and this law was amended by the election judges. The amended law provides that voters who were registered twenty-five days before election was entitled to vote. The City Attorney advised the election board that in his opinion the law was unconstitutional. About fifty voters were refused from persons who had registered twenty-five days ago.

Paullino at Sausalito.

Sausalito, April 14.—Clarence M. Moore, anti-prohibition candidate for town trustee, was defeated yesterday by Trustee L. C. Pistolesi, receiving 33 votes against 495 for Pistolesi. The fight was a bitter one, the San Francisco Yacht Club pulling for the "anti" candidate.

The great fight lay between Moore and Pistolesi, there being no opponents to Linsley and Silva, who were elected Trustees by 488 and 478 votes respectively. The race for town treasurer was uneven, Lawrence winning with 438 votes, Becker's 31. Kip was chosen town clerk by 479 votes. In all 555 votes were cast, but twenty-five were thrown out for irregularities.

Mill Valley had an interesting fight for municipal officers, the Citizens party, which is in control of the administration, facing a new movement, represented by the "People's Ticket." This latter party had as its platform the breaking of the saloon monopoly, the reduction of the number of saloon licenses and lower taxes. W. V. Redale, was victorious over his rival, F. A. Losh, by two votes. The other trustees elected were both on the Citizens ticket. They were Williston W. Davis and George S. Ames.

Redwood City.

REDWOOD CITY, April 14.—Redwood City joined in the great national movement of temperance that is sweeping over the nation, when the Good Government League, in a clean-cut fight for high license, beat the saloon men's ticket and elected all of its candidates for town trustees by a majority ranging from forty-four to 110. This gives the Good Government League complete control of the board of Trustees for four years. The total vote cast was 609, which is the greatest number cast in any election in the community. The successful candidates for trustees are: Robert Brown, Carl Beeger and Professor George A. Merrill.

Antioch.

ANTIOCH, April 14.—One of the most closely contested municipal elections in the history of the town was held yesterday and resulted in the election of E. C. Warrall and John Lynn for trustees. T. P. Shine was re-elected marshal, as was also R. M. Beede, town clerk. D. T. Cleaves will be treasurer. The only issue involved in the day's contest was the election of men to carry on the contemplated petrochemical street improvements, outlined and begun by the old board, the cost of which will be more than \$22,000. The new officials favor the improvement.

Healdsburg.

HEALDSBURG, April 14.—The voters of Healdsburg cast their ballots in favor of the saloon yesterday. The vote for licensing was 219 and against licensing 216. All day long bands of workers for the prohibition cause did valiant service for that side of the question, and the liquor men worked just as hard for the other side. Band wagons and automobiles loaded with young women went through the streets and stopped at the polling places, singing songs for temperance. The women were large white ribbons on which was printed "Vote No for Me."

Merced.

MERCED, April 14.—A fierce struggle took place in yesterday's election over the saloon question, the saloon winning a victory by forty-one majority out of a total of 670. Over a hundred women worked at the polls all day in the interest of the temperance cause. The saloon men owe their victory to the fact that they colonized a hundred voters. S. C. Cornell and Ben Murgatroy were elected city clerk, C. M. French, marshal; J. D. Wood, clerk, and J. B. Hart, treasurer.

Sonoma.

SONOMA, April 14.—An exciting municipal election took place here yesterday. R. M. Donnell and L. E. Quintana were elected city trustees by over sixty majority each, defeating G. H. Hoxa, the incumbent. James H. Albertson was re-elected city marshal by 101 majority. For clerk and treasurer Joseph B. Small and Joseph Burrell were elected without opposition. The victory was a blow at prohibition in the town.

Palo Alto.

PALO ALTO, April 14.—At a municipal election held here yesterday the following officers were elected: Trustees—C. D. Marx, H. W. Binkley and William Dean; marshal, E. F. Welshaar; treasurer, C. R. Parkinson, re-elected; clerk, T. H. Jordan. Jordan defeated John D. Boyd, the incumbent, by a vote of 391 to 302. All the officers are Republicans, although running on an independent ticket.

Pacific Grove.

PACIFIC GROVE, April 14.—Unusual interest was shown in the local election held here for municipal officers, 505 votes being cast. Of eight candidates for the office of city trustee, the following were elected: Edward Berwick, E. C. Smith, W. Hill; for city clerk, Ed Johnson; city trustee, T. A. Work; marshal, Ed E. Rich. The hold-over trustees are L. K. Pryor and Welch.

Yacaville.

YACAVILLE, April 14.—After an exciting contest here yesterday the saloons were closed by a vote of 123 to 104. The

## Battles For and Against the Saloon Are Waged at Polls

THE liquor question was the predominating issue in the municipal elections held throughout the state yesterday. In the South the prohibition element won in the majority of the cities, while in the North the factions broke about even.

In every instance where this question was before the voter hard fights accompanied the elections, and it was only after bitter struggles that victories were won. In the towns where the saloon was the issue women thronged the polling places and worked hard in the endeavor to shut up the liquor houses or prevent their opening.

At Hayward in this county the question was whether or not the saloons should be closed on Sundays. The voters decided for the open door.

At Richmond, Contra Costa county, the anti-saloon forces were completely routed.

Following trustees were elected: D. A. Arnold, A. S. Duncan, S. N. Skillingworth, A. M. Stevens, C. J. Uhl; Ed Fisher, treasurer; D. W. Emanuel, clerk; C. Cannon, marshal.

Cloverdale.

CLOVERDALE, April 14.—The proposition to increase the saloon license from \$12 to \$60 was defeated at Cloverdale yesterday by a vote of more than two to one.

Modesto.

MODESTO, April 14.—The high license forces were defeated in the municipal election yesterday, the opposition electing two trustees out of three. The campaign hinged on the saloon question, following the defeat of the non-saloon element at a recent local option election.

Paso Robles.

PASO ROBLES, April 14.—The city election yesterday resulted in a complete victory by the citizens' ticket over the anti-saloon ticket. Three city trustees, marshal, clerk and recorder were elected. The victory was celebrated last night with a band and parade.

Around San Jose.

SAN JOSE, April 14.—Los Gatos and East San Jose yesterday voted to stand by prohibition, although the saloon element of both places made desperate attempts to defeat it. Both places polled exceptionally large votes. Hollister defeated the measure.

Biggs.

BIGGS, April 14.—At the city election held here yesterday the following were elected: City trustees, J. A. Foster, W. D. Parker and Edward Steadman; city clerk, C. C. Spence; city treasurer, G. K. Smith; city marshal, B. A. Oliver.

Santa Monica.

SANTA MONICA, April 14.—Santa Monica went "wet" yesterday by a majority of 194. The total vote of the city was 1854 and only two of the wards gave majorities for the prohibition or dry.

Redding.

REDDING, April 14.—The Shasta County Democratic Central Committee yesterday named eight delegates to the State Democratic Convention at Fresno and instructed them to advocate Bryan's nomination and Theodore A. Bell for the chairmanship of the national convention at Denver.

## MASONS PURCHASE SITE FOR LARGE NEW TEMPLE

Intend Erecting \$1,000,000 Structure on \$235,000 Lot.

SAN FRANCISCO, April 14.—One of the biggest San Francisco real estate deals since the fire of 1906 has just been consummated in the purchase of the northwest corner of Van Ness avenue and Oak street as a site for a new Masonic Temple, with a 120 foot frontage on Van Ness avenue and 110 foot depth. The owners who have sold the land to the Masons are Celia Phelan, Charles E. Hale and the James M. Macdonough estate.

The price paid for the ground is \$235,000 and it is understood that upward of \$1,000,000 will be expended in the construction of the temple. It is the intention to have one of the most notable Masonic structures in the United States.

## A CARLOAD OF WOOLENS

We secured the mill-ends from the Wentworth people---A gigantic purchase---but a very fortunate one, for it enables us to offer you

**Men's  
Suits-to-Order  
\$12.50**

As quickly as these woolens are being checked off in our receiving department they are being distributed among our four stores, where they will be shown for the first time this morning.

Orders will be finished in the routine in which they are received; none will be slighted or rushed. Book your orders as early as possible.

## The Story of This Purchase

Woolen buyers consider the products of the Wentworth Mills to be some of the lightest designs in reliable fabrics produced in America. Every season they close out their remaining pieces and ends at a ridiculously low price. Large woolen jobbers and wholesalers of woens wait with eagerness to snap them up as soon as they are offered for sale.

This is the first time in our entire career that we were able to secure these ends. The size of the purchase, an entire carload, almost staggered us, but when we considered the low price and the sterling quality of the fabrics we knew that the men of San Francisco would appreciate the extraordinary bargain, and that we would be enabled to delight thousands with the greatest tailoring offering that has ever been presented to this or any other city.

## The Significance of This Sale

Under ordinary conditions we would have to ask from \$17.50 to \$20 for these suits. We will sell them, until the entire carload is consumed, for \$12.50. Each suit will be cut from an individual pattern according to the measurements taken. It will be built up by skilled union tailors and bear the union label. We know that we will make up thousands of these suits, and we want every suit to make us a friend and a return customer. Infinite pains, therefore, will be taken with every garment, to have it as perfect as human hands can produce and satisfactory from every point of view. Don't wait, but come and see the suitings. Take advantage of the greatest sale we have ever held in made-to-order suits.

## Black Bart as Father John.

It was a characteristic proceeding on the part of Francis J. Heney to temporarily abandon the prosecution of Abe Ruef and go off on a vilification tour of Oregon. He did this with the two-fold object of advertising himself and getting a chance to roast the newspapers that have incurred his enmity. Incidentally, a political campaign is raging in Oregon, and one of the objects of his journey was to tongue-lash and vilify Senator Fulton, who is a candidate for re-election. He has heretofore tried to blacken the reputation of Senator Fulton by methods which have become nauseatingly familiar to the people of San Francisco. However, the public refuses to be deceived any longer by Heney's trick of getting scoundrels under his thumb and then giving them immunity on condition that they make oath to statements defaming men prominent in politics and finance.

What Heney says is of little consequence, for his whole life has been a continuous course of personal and professional iniquity, and he has so often proved himself out of his own mouth to be an abandoned and unscrupulous liar that he has forfeited all claim to credence and respect. The pretense he set up in his Oregon speeches that he is an accredited agent of President Roosevelt in vilifying Senator Fulton in Oregon and conducting the Spreckels immunity baths and private prosecution in San Francisco deserves some attention, however. To the best of our knowledge and belief it is a false and knavish pretense that does the President an injustice.

President Roosevelt stands for giving everybody a square deal. Heney is not on the square about anything. A square deal is the last thing he would think of giving anybody. His record in the Arizona courts reeks with infamy, and his conduct as the legal manager for the so-called graft prosecution in San Francisco stamps him as a man without the slightest regard for justice and decency.

It is incredible that President Roosevelt commissioned Heney, a citizen of California and professedly a Democrat, to invade Oregon during a political campaign and assail a Republican United States Senator with gross and vituperative imputations on his integrity as a public official and his honor as a citizen. That is not giving a man a square deal. It is the exact reverse of what the President advocates so strenuously; besides, it represents the National Executive as meddling in local elections and covertly aiding to ruin the reputation of and destroy politically a distinguished member of his own party.

As an implacable foe to corruption in office, the President naturally desired the deposition and punishment of the banditti who for years maintained a rule of graft in San Francisco, plundered the citizens of the city, and made official power an instrument of public and private spoliation. But it is inconceivable that he should give sanction to granting wholesale immunity to the grafters, suborning them as witnesses for a predatory and vindictive private prosecution, and employing them as agents in a scheme to grab political control of the city and State. Nor is it possible that the President is secretly directing criminal processes in the domestic courts of a State. Such a proceeding would be foreign to his nature and indefensible in the Chief Magistracy of the Republic.

In our opinion, Heney is living when he says he is "doing Roosevelt's work," just as he has been proved to have lied in most other particulars. His position is analogous to that of the robber chiefs who decorated themselves with crosses and other emblems of Christian piety during the crusades as a license to plunder, steal and violate. He dons Roosevelt's livery to do the dirty work of Spreckels, and displays it as a warrant for butting into the Oregon campaign as a conscienceless guerrilla.

In Missouri the Supreme Court holds that a man may loaf whenever he wants to, which is an easy way of stating the proposition that neither a Missouri man nor mule will work when he doesn't want to.

## Oakland's Savings Banks' Deposits.

The San Francisco Chronicle has an irritating habit of being unfair to the cities on this side of the bay. It does not falsify the news, but often prints it in a way that is unfair to Oakland and her sister cities. For example, in an article dealing with the reports received by the State Bank Commissioners it says:

"The total resources of the 133 savings banks are \$254,695,084.53. The twelve San Francisco savings banks have total resources of \$141,753,345.45; fifteen Los Angeles savings banks, \$36,045,337.43, and 106 savings banks in the rest of the State, \$76,896,401.65."

This is indubitably correct, but it would have given a clearer idea of the banking situation in the different cities of the State to have stated that the savings deposits in the cities of Oakland, Berkeley and Alameda foot up a total of \$37,001,994.46, divided as follows: Oakland, \$32,901,482.07; Berkeley, \$2,424,040.23; Alameda, \$1,676,472.34. The savings deposits of Oakland are about \$4,000,000 less than the amount held in Los Angeles banks, but the combined deposits of Oakland, Berkeley and Alameda exceed the Los Angeles total by near a million. Yet the Chronicle lumps Oakland with the rural districts while singling out San Francisco and Los Angeles for special mention. We hope this was a mere oversight, and not an ungenerous manifestation of petty jealousy.

Prince Helie says that he wants to marry Anna Gould for love alone, but most of the Americans can see the dotted line between Helie's eye and a portion of the Gould fortune without the aid of a microscope.

In a wrestling match in Chicago recently, the American who wrestled the giant Russian put grease on himself. After the match the Russian was willing to admit that we Americans are a slick lot.

Senator Tillman recently expressed his desire to take a rest. The public wishes that some of the graft prosecutors and wind-jammers would have a mind like unto that of Fiery Ben.

You can fool all of the people some of the time, and some of the people all of the time, but the strange thing is that Burns and Heney fool Rudolph Spreckels every time, and all the time.

From the amount of notoriety his political colleagues have been getting at his expense, the Honorable Edward Robertson Taylor wonders where he comes in, if at all.

Mr. Bryan continues peacefully on his way, serene, but we think his little dream will experience a terrible and unexpected shock at the polls next November.

DEATH FOR  
SPANISH  
'REDS'

Two Men and Woman Are to Be Executed for Attacks on the King; Others Go to Prison; One Tries Suicide.

BARCELONA, April 14.—The sentences upon Jean Rull and his accomplices were handed down at 3 o'clock this morning. Rull and his friends were found guilty yesterday of complicity in the recent series of bomb explosions and anarchist outrages. The evidence showed that Rull and his associates were the authors of the attempts to assassinate King Alfonso at Madrid and Paris and of various other outrages in different parts of Spain. Jean Rull, Herman Rull and Maria Queralt were sentenced to death. Jose Rull was given 17 years, Amadeo Trilla, 24 years, and Francisco Trigueros 14 years at hard labor. Ramon Burquet was sentenced to imprisonment for four months. Parelo and Peral were acquitted.

After the sentences had been announced Burquet's mother slipped a knife into the hand of Herman Rull, with which he tried to commit suicide, but he was prevented by the guards.

Three dynamite bombs were found in Angel Square today.

ABRUZZI MUST STICK TO

Italian Government Orders Him to Go to Work.

ROME, April 14.—The Duke of Abruzzi has received an order from the authorities of the Italian navy commanding him to devote himself closely to the exercise of his profession as a naval officer during the ensuing twelve months.

This order has caused much speculation. It does not positively bar marriage during the year, but, naturally and necessarily, it greatly restricts the duke's freedom of movement. Enormous sums of money have been expended on the performance of his duties as commander of Italy's finest battleship, the Regina Elena, now at Naples.

BURGLARS AGAIN IN  
ACTION AT MT. EDEN

The home of Henry Metlinger at Mt. Eden was entered by burglars last night and about \$5 in coin was stolen. The thieves ransacked the house, but failed to get a large quantity of jewelry that had been left in the house. Enormous sums of money have been expended on the performance of his duties as commander of Italy's finest battleship, the Regina Elena, now at Naples.

This is the third of a series of burglaries that have occurred in Mt. Eden in the past few days.

Every Household in Oakland Should Know How to Resist It.

The back aches because the kidneys are blocked.

Help the kidneys with their work.

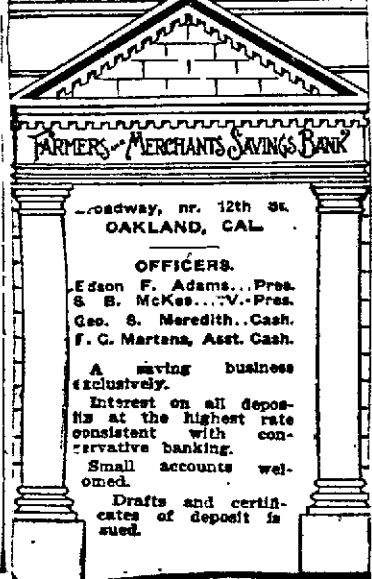

The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

Mrs. H. Shaft, 2104 Clement avenue, Alameda, Cal., says: "I cannot praise Doan's Kidney Pills too highly. Their use in our family has been followed with the very best results. My daughter had a severe illness about a year ago and was all run down as the result of overwork. From that time on she complained a great deal of backache and other symptoms which plainly showed that she was suffering from kidney complaint. Reading of Doan's Kidney Pills I decided to have her give them a trial and procured a box at a drug store. Their value as a kidney remedy was quickly proven, the backache was banished and her kidneys were restored to their normal action. She gained in flesh and her health has been much better since. I have also used Doan's Kidney Pills and they acted like magic in my case. In my opinion there is no remedy that can compare with Doan's Kidney Pills."

NEXT MOVE AGAINST  
NRS. MARTIN NOT  
DETERMINED

To Rearrest Defendant if Present Indictment Is Set Aside by Judge.

"What did you say to him?" "I think interest is being manifested in the action that will be taken by District Attorney Brown in the event that Superior Judge W. S. Wells sets aside the indictment found against Mrs. Isabella J. Martin by the grand jury, in which it is charged that the defendant attempted to blow up the home of Superior Judge F. B. Ogden. In all probability the indictment will be set aside, as Assistant District Attorney Hynes has admitted that it could be set aside in the event that he cannot find some authorities in substantiation of his contention that if twelve unbiased grand jurors voted for an indictment that it cannot be set aside."

Hynes is waiting to hear from Sacramento, having sent to the law library there for his authorities. Attorney A. L. Frick, counsel for Mrs. Martin, declares that the authorities cannot be found and that the indictment will undoubtedly be set aside.

In the event that the indictment is set aside, District Attorney Brown may proceed against Mrs. Martin by information or a complaint may be sworn to by Judge Ogden. Definite action in this regard has not been decided upon, it is said.

If the indictment is set aside Mrs. Martin will be rearrested in court room, either by the information or a direct complaint. Judge Wells will render his decision in regard to the motion to set aside the indictment next Saturday morning in Superior Judge Harris' court.

JURORS SCARCE  
AT MURDER TRIAL

Only Two Have So Far Been Secured to Pass Judgment on Curtin.

Miss Mary E. Curtin, pretty and stylishly gowned, has been in constant attendance upon the trial of her brother, Robert E. Curtin, who is accused of murdering John O. Titus. The trial is proceeding in Superior Judge Ellsworth's court and for four days an attempt has been made to secure a jury. In that time 25 veniremen have been examined, two have been excused by the judge and two have been accepted as trial jurors. It will take several days more to secure a jury, it is thought. The two jurors who have been accepted are Robert Bonham and John D. Bates.

Miss Curtin sits near her accused brother and in the intermissions carries on animated conversations with him. Mrs. Titus, carrying an infant child, and accompanied by her daughter, the girl who witnessed the shooting of her father by Curtin, also attend the trial at different times.

BRYAN'S OLD ENEMY  
HAS BEEN WON OVER

PEORIA, Ill., April 14.—One of the principal features of the William J. Bryan rally here tonight will be the fact that Frank J. Quinn will be the presiding officer. Three years ago at Springfield, Quinn joined the Roger C. Sullivan forces as against Bryan, but all difficulties seem to have been amicably settled and Quinn has accepted the offer to preside. Up to this time he has not committed himself and what he will say this evening is awaited with interest throughout the State. Several prominent Democrats will be in attendance. Bryan will arrive late this afternoon.

Plumber Discovers Lost Boy in Berkeley After Six Months' Hunt.

BERKELEY, April 14.—J. W. Boyce, a plumber, living at 1444 Shattuck avenue, after a search of over six months up and down the Pacific Coast for his four-year-old boy, found the child this morning on the streets of Berkeley.

Boyce was divorced about a year ago in Oakland and was awarded the custody of the boy, while his wife was given a little girl. A few days later his wife fled, taking the lad and nothing had been heard of them since.

Last December Boyce received a telegram while in Los Angeles, stating that his wife and children had been killed in a railroad wreck in Arizona. For a time he gave up hope. A few days ago he received word that his wife, who has married again, was living in West Berkeley. Disguising himself by means of false whiskers, Boyce began to make investigations and the discovery of his child was the result.

Boyce took the child and is now on his road to Los Angeles.

SAY FATHER TRIED TO  
DESERT HIS CHILDREN

Manuel Ediros was arrested in Hayward yesterday on a warrant from Sacramento charging him with attempting to leave the country and abandon two minor children who are now inmates of an orphanage in Sacramento. Ediros was taken to the county jail last night and this morning to Sacramento by Detective Cumprey.

Ediros stated that some mistake had been made. He said that his wife died about two months ago, and denied the charge that he was trying to escape to Portugal and leave his children to the mercy of charity.

SUPREME COURT UP-  
HOLDS ELECTION LAW

JEFFERSON CITY, Mo., April 14.—The Supreme Court today denied the application of the Republican Central City Committee of St. Louis to institute mandamus proceedings against the St. Louis election commissioner for the purpose of calling a city convention. The application was recently filed as a test of the State primary election law. The decision handed down by the Supreme Court in banc holds that the primary election law is constitutional.

## MONEY

In every community there is enough money in hiding to start a reputable bank.

This money is not only liable to be lost by theft or fire, but it is placed where it does not bring in any income to the holder—neither is it of any use to the public.

Deposit this "dead" money with us. Then it will get into circulation and be of some benefit to yourself and to the community.

The more money there is in circulation the cheaper the rate of interest; the easier it is to borrow, and the more prosperous the general business conditions.

## HUSBAND KIDNAPED SON, CHARGE MADE BY ACTRESS

Child Was Taken by Force, She Declares

Alleging that her husband had kidnaped her 4-year-old son and fled the state, Mrs. Annie Hagst, a vaudeville actress living temporarily at 511 Tenth street, applied at police headquarters for a warrant this morning for the arrest of George Hagst, a butcher who formerly lived in East Oakland.

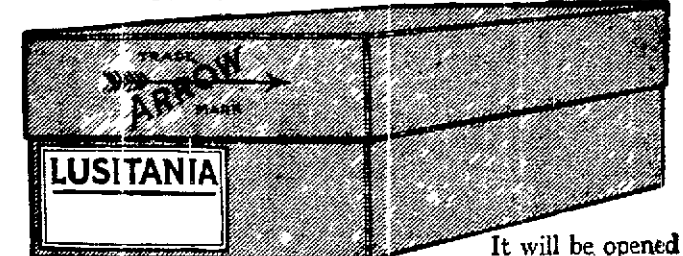

Mrs. Hagst, who was divorced from her husband, who gained custody of the child, alleged that while in Seattle recently she received a letter from her husband asking her to come to Oakland to effect a reconciliation for the sake of the child. Mrs. Hagst thereupon came to Oakland about two weeks ago. She now declares that her husband not only

took all the furniture in their former home, which she partly owned, but took advantage of her absence from her rooms in Tenth street recently and forcibly carried the child away and has not since been seen.

Captain of Detectives Petersen said this morning that under the law a husband who steals his own child is guilty of kidnapping the same as would be if he carried away another's child without legal authority.

At the time Mrs. Hagst obtained a divorce from her husband she wanted to take the child with her, but the court gave the child to her husband. She has since been in contact with her husband while living engagements on this coast.

## AUTOS PUT ABOARD SHIP

French and Italian Crews Were  
Banqueting in Seattle When  
Orders Came to Go Aboard  
Aki Maru for Japan.

SEATTLE, Wash. April 14.—Representatives of three nations interested in the New York to Paris automobile race were in Seattle yesterday. The French and Italian cars reached here late yesterday and after a parade the cars were loaded aboard the steamer Aki Maru.

A banquet was held in honor of the visiting automobilists at the Italian American Club. While the banquet was in progress a telegram was received from the Paris Motor Instructing the automobilists to leave on the Aki Maru, which sailed for the Orient early this morning.

Was a Big Surprise.  
The wire came as a surprise as the foreigners did not expect to leave Seattle for several days.

The German car will not reach here for several days.

All of the machines will be shipped directly to Japan and will be transported from there to Vladivostok. The American machine is due to arrive within a few days and will be sent on to the Orient.

Price 25 cents large size 50 cents. Sold by Osgood Drug Stores, Seventh and Broadway, and Washington and Twelfth.

## KAISER DRINKS TO TWO FLAGS

German Ruler Wishes They May  
Be United for the World's  
Peace.

BERLIN April 14.—A dispatch to the Lokal Anzeiger from its Constantinople correspondent dated yesterday, says that Emperor William during the course of a luncheon given in honor of the officers of the British battleship Implacable made the following toast:

"I drink to our two flags and I wish that they may ever be united for the welfare of the world's peace."

Captain Kerr commander of the Implacable whose father was Lord Admiral Kerr in response to the toast, said: "My father used to say with reference to your majesty that God had created a great emperor out of a man who had become a great admiral."

During the luncheon his majesty talked most pleasantly and without restraint with his guests.

## Students Rejoice Over Assassination

VIENNA April 14.—The whole of Galicia is in a state of feverish excitement over the assassination at Lemberg April 12, of Count Andros Potocki the governor of that province by a Ruthenian student named Mieroski. The young Ruthenians in the Austrian parliament declare that such crimes are of a national necessity in order to put a stop to Polish oppression. The Ruthenian students of Vienna openly rejoice over the assassination at Lemberg. They gathered in mobs and broke the windows of the Ruthenian Clubs of the city.

## Wants Children To Salute Police

CHICAGO April 14.—School children should be taught invariably to salute policemen according to Mrs. Edward Roby of this city. She made public announcement of her idea last evening at a luncheon of the Chicago Colony of New England women. The luncheon was given at the Women's Athletic Club by Mrs. Charles S. Deneen wife of Governor Deneen was the guest of honor. Mrs. Roby was one of the principal speakers. She declared that the police forces of the cities should appeal to Americans as foremost among our patriotic organizations.

## Robbed of \$155 by Clever Pickpocket

SAN FRANCISCO April 14.—Miss Delora Brown a resident of The Dalles, Oregon, was victimized yesterday afternoon by a pickpocket who was riding on a McAllister street car on his way to the ferry depot. After paying her fare Miss Brown remembers returning her purse to her pocket, but when she looked for it to purchase a ticket to Oakland she discovered her loss. The purse contained \$155 in gold besides some loose change.

Admiral Sperry will doubtless be extremely entertained by army and navy and other societies during his stay here and the fact that he has decided to locate in Berkeley during the festivities relative to the visit of the fleet is a nice compliment to the college town.

"It is the nature of women to be a delusion to men," growled the old cynic.

"Yes," merrily replied the young enthusiast, "and it is the nature of men to hug their delusions."—Baltimore American.

## TROOPS ARE KEEPING PEACE

Fourteen Companies of Militia Guard Strikebreakers in Pensacola—No Hostile Demonstration Attempted Yet.

PENSACOLA, Fla., April 14.—With the arrival of four more companies of State troops this morning the forty strike breakers from New York, who had been held at the police headquarters were moved to the street car barns. Two companies of militia are now on guard at the car barns and so far the strikers and their sympathizers have made no demonstration.

A total of fourteen militia companies are now here to suppress any violence that may be attempted when the cars are started.

## 'THE ONLY WAY' THRILLS HEARERS

Lander Stevens Gives High-Class Portrayal of Erratic Sydney Carton.

After several weeks of careful preparation Manager Bishop presented at the Liberty Playhouse last evening the original Henry Miller version of "The Only Way" with Lander Stevens in the "star" part. The play and production made an instantaneous hit and judging from last night's attendance will have a most prosperous run.

"The Only Way" is a dramatization of Charles Dickens' historical novel "A Tale of Two Cities." Its story is one of intense interest, the period in which it is set allows for elaborate and picturesque costumes and the long cast gives every member of the company adequate opportunities.

### Stevens Makes Hit.

Too much praise cannot be given Lander Stevens for his intelligent portrayal of the erratic, drink loving hero, Sydney Carton. He makes him a most pathetic figure, accentuates strongly his good qualities and in every respect gives a finished and polished performance to the role made famous by Henry Miller. George Cooper was seen to good advantage in the role of little Mimi who loves Carton as hopelessly as he loves Lucy Manette, and Isabelle Fletcher as Lucy Manette was acceptable, although she was not called upon to do anything startling.

One of the most finished performances seen at the Liberty for some time was given by Henry Shumer in the role of Dr. Manette. His portrayal of this old man a prisoner in the Bastille for fifteen years, is a remarkable piece of work and places him in the front rank of character actors. E. L. Benson made a striking figure as Ernest DeFarge, the avenger. George Webster played Mr. Lorry acceptably and Robert Harrison, James Corrigan, George Friend, Henry C. Mortimer, Jack Sheehan and Lillian Elliott completed a strong and evenly balanced cast. There are eight scenes in all and each has been specially prepared for this production as well as the costumes. Both of these features from a brilliant series of eye pictures and aided much in the general success of the performance.

"The Only Way" will be given for this week only, with the regular Saturday and Sunday matinees and is to be followed by "Fudd'n Head Wilson," the Liberty's Easter week offering.

## MAX STEINLE SURPRISES AUDIENCE IN NEW ROLE

The members of the Columbia stock company fairly outdid themselves last night. The strange adventures of Captain Charles Courtney alias Miss Brown is a "schrecker." It abounds in comical and laughable situations and the audience last night roared through the whole performance to the point of tears. The play tells of the female disguise. Captain Courtney has to undergo in a girl seminary in order to win his lady love and the embarrassing positions in which he is thrown while essaying the female role.

Max Stein is seen as Captain Charles Courtney and Miss Brown and really eclipses all his previous efforts. He is the whole show this week.

Virginia Thornton is not in the cast owing to a slight throat affection, but hopes to be all right next week, when she will be seen in the "Millionaire's Revenge," a play that hinges around the Thaw case.

## BILL AT BELL THEATER DRAWS CROWDED HOUSE

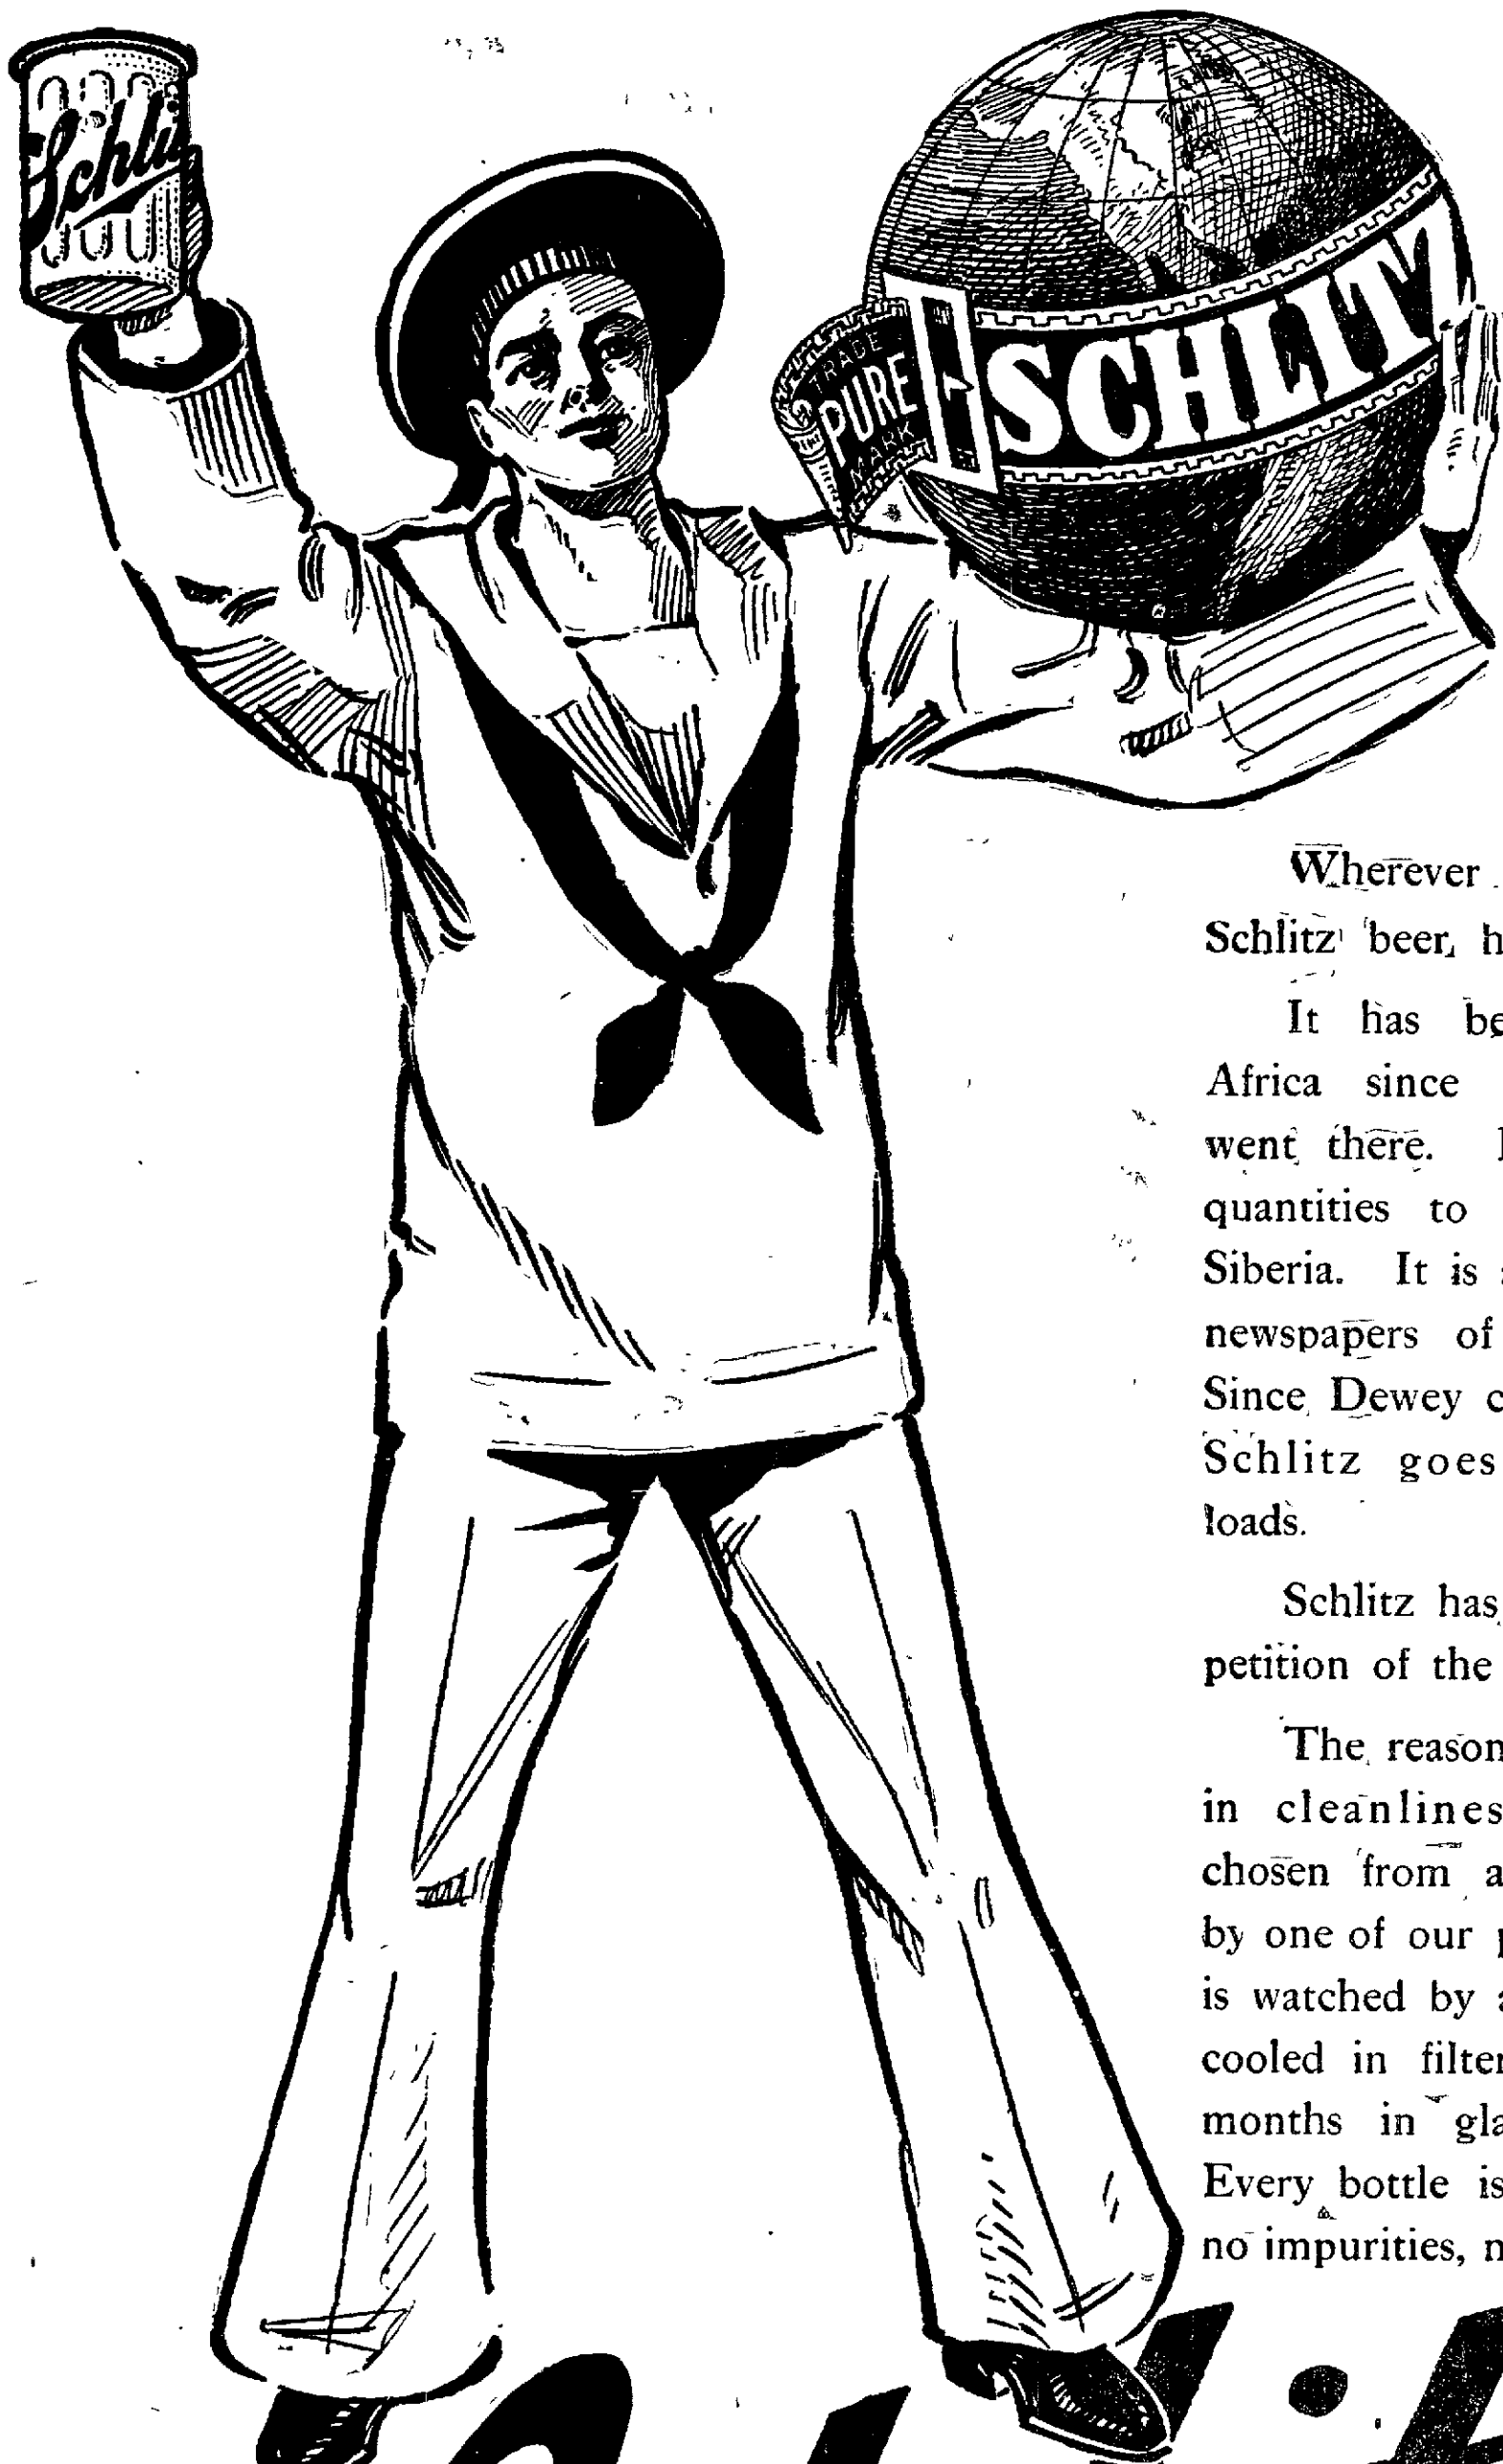

There is a program of comedy at the Bell Theater this week and it is rich from start to finish. Morrow and Schellburg and their company in the playlet, "Happy's Millions," scored one of the successes of the evening. Morrow has an infectious laugh. Miss Schellburg sings very pleasing and "Happy's Millions" proves thoroughly satisfying.

"The Automobile Disaster," the offering of Rose and Severance, is rapt with humorous lines and laughable situations. Armstrong and Severance, the eccentric bicyclists, have the best act of the kind the Bell ever offered its patrons. They are wonders on wheels and at the same time Severance is a clever comedian.

Giddy and Fox, the famous Hebrew comedians, supply fifteen minutes of roaring amusement.

Eddie Powers a minstrel, wins the house with his songs and stories. Miss May Redelle and company give an enjoyable rural sketch in which dancing and singing play important parts.

Two reels of motion pictures are shown, one entitled "Old Isaacs the Pawn broker," being unusually good. It tells a pathetic story and tells it so effectively that the audience applauds vigorously when the story is ended.

# around the world

Wherever civilization has gone, Schlitz beer has followed.

It has been known in South Africa since the white man first went there. It is shipped in large quantities to the frigid wilds of Siberia. It is advertised in the quaint newspapers of China and Japan. Since Dewey captured the Philippines Schlitz goes there in solid train loads.

Schlitz has won against the competition of the whole world.

The reason is we go to extremes in cleanliness. Our materials are chosen from among the best grown by one of our partners. Our brewing is watched by another. The beer is cooled in filtered air. It is aged for months in glass lined steel tanks. Every bottle is sterilized. There are no impurities, no biliousness in Schlitz.

It keeps in any climate and always retains its delicious flavor.

# PERHAPS IT WAS ROBBERY MAYBE IT WAS DONE TO SQUARE HIMSELF

## ACCUSED OF HOLDING OUT \$7500 ON DIVORCED WIFE

**Detective Says Contractor Sprung Fake Hold-Up Story to Cover Big Alimony Swindle.**

(Special to The Tribune.)  
SAN FRANCISCO, April 14.—No credence whatsoever is placed in the story of Frank Kubick, a Portland contractor, who reported to the police at 10 o'clock last night that he had been held up by two men on Howard street, between Fremont and Beale, and that they beat him into insensibility and robbed him of \$7500.  
Acting Captain of Detectives Ryan said this morning that he did not believe the story told by Kubick and did not think the man had been robbed at all.  
A most peculiar feature of the affair, and one which would give it, it would seem, good cause for the invention of such a story, is the fact that Kubick's wife was granted a divorce from him in the Circuit Court in Portland, Or., last Saturday. In its decision the court allowed the wife \$4000 alimony, \$3000 for the support of the minor children and \$500 counsel fees. The total, \$7500, is the exact amount which Kubick maintains was taken from him by the robber.  
Kubick said he withdrew it from the Western National Bank, where he had a safe deposit box. When he first told his story last evening he admitted that he had a loaded revolver in his pocket, which he had not used and which was

not taken by the robber.  
His collar and tie were off, but these, he said, he had removed because of heat. There were blood stains on his clothes, but he maintained that these came from nose bleed and he exhibited no marks whatever showing that he had met with footpads.  
The whole affair is ascribed by the police to be a deliberate effort upon the part of the man to swindle his wife out of the \$7500 allowed her by the court.  
Kubick told the police that he had arrived here yesterday and took \$7500 from his safety deposit box in the Western National Bank in order to pay the money to his divorced wife in accordance with the order of the judge who signed the decree.  
He said that last night about 6 o'clock he had started to walk to the ferry to take the boat to Oakland, intending to catch the train for Portland.  
Kubick vehemently avowed that two men held him up on Howard street, between Fremont and Beale streets; that they both assaulted him and beat and kicked him into insensibility, after which they robbed him of the \$7500.  
The thieves, Kubick avers, threw him into a vacant lot and, when he recovered consciousness, he proceeded to the police station.

## SUCCOR FOR CHELSEA SUFFERERS POUR INTO THE STRICKEN CITY

### TROOPS IN BURNED AREA

**Ghou's Are Robbing Right and Left—Shelterless Refugees Walk All Night to Keep Warm.**

CHELSEA, Mass., April 14.—Trains are hourly arriving, bringing food, clothing, beds, quilts, medicines and money from all over the United States to aid the 15,000 people left homeless by the terrible fire which swept Chelsea Sunday night.  
State troops, sent by Governor Guild, are patrolling the burned district, which covers 350 acres of ground and nearly one-fourth the entire city.  
In spite of the close surveillance of the national guard and police, ghouls are robbing right and left and many of the helpless have been victimized.  
Thousands of shelterless, half-clad people tramped up and down last night to keep warm.  
President Roosevelt has sent assurances that the Government will lend its aid to the sufferers in every way possible.  
Cities all over the United States, through their mayors, have responded to Mayor Beck's stirring appeal for help.

**HEART-RENDING SCENES.**  
Heart-rending scenes are witnessed on all sides. Hundreds of mothers, who left their children in their homes when the first wild panic struck the town, are wandering over the burned district, wailing and wringing their hands, digging in the ruins and ashes and imploring strangers to help them find their babies.  
Because of the great confusion which prevails it is impossible to make an exact statement of the casualties following the fire, but reports of the dead who have been found vary from nine to twenty-five bodies. None of these is recognizable, nothing be-

ing left—but blackened, charred stumps.  
Crews of men have been at work, night and day, searching for burned bodies.  
Hundreds of people are suffering from the terrible cold and exposure and physicians fear that many will die of pneumonia.  
Already public spirited citizens are holding open-air meetings and formulating plans for the immediate rebuilding of the big burned section.

### PIEDMONT HOME IS DESTROYED BY FIRE

The handsome residence of F. W. Routhwaite, at Oakland avenue, east of Mountain, in the Piedmont hills, was totally destroyed by fire yesterday afternoon. The fire was caused by a defective heater in the rear of the house.  
The chemical engine No. 2 and the members of truck company No. 4, with the aid of the residents of the district, tried to extinguish the flames without avail, but succeeded in saving the adjoining homes of D. S. Diamond and David Kaplan, which were constantly threatened by the flames.  
The house was a three story frame structure and was finished in hard wood. Among the contents destroyed was a valuable collection of paintings. The loss is estimated at about \$20,000.

## SOLDIERS TO PARTICIPATE IN OAKLAND DAY PARADE

**All Branches of Army Will Be Represented**

All branches of the United States army service will be seen in the parade in Oakland on the forenoon of May 8. Yesterday a committee consisting of Grand Marshal Gard and Secretary Barnard of the Chamber of Commerce called upon General Funston at his headquarters in San Francisco and all doubt of the presence of the three arms of the service, artillery, cavalry and infantry, in the Oakland parade was dispelled. General Funston met the committee very cordially and informed them that he had conferred with General Reynolds of Fort McDowell and that General Reynolds would furnish Oakland with his band and a battalion of infantry and that if arrangements could be made for transportation to (General Funston) will send over to Oakland a battery and two troops of cavalry. This will consist of forty-eight horses drawing four guns and four caissons with officers and men and there will be 120 mounted men in the cavalry exclusive of officers, thus every branch of the service will be represented in the parade.  
**Giant Parade Promised.**  
It is the intention of the committee to have the troops brought over on the Oakland harbor route ferry direct to the foot of Broadway, from whence to their place in line of parade will be but about two or three minutes' march. That the parade will be by far the largest ever seen in Oakland is the opinion of every member of the committee. Almost daily new organizations are sending in their names and the number of men they expect to have in line. The several caissons of Old Fellows in this vicinity will be preceded by men on the caissons who are members of the order, the latter acting as escort to the caissons.  
The publicity committee are being beset by numerous persons who are anxious to have the committee give them the right to get out a program with the official stamp of the committee, the programs to be made money-making for the promoters by reason of securing advertisements from the business houses. In each instance the committee are declining owing to the fact that the advance committee have promised many who have donated to the fund that they will not be called upon to advertise in any program. The program will be printed from day to day in the papers and on the day preceding the parade a complete program will be so printed that all may know of just what is going to transpire. Should any other official program be issued it will be by the publicity committee and absolutely free from advertising other than the city of Oakland and county of Alameda.

The executive committee will meet this (Tuesday) evening and are looking forward to an advertisement program. Representatives of several organizations will appear before the committee, including the Y. M. C. A., who are going to have rooms where the jackets can go at all hours and read the papers, play games and have light refreshments.  
**Banquet to Metcalf.**  
The homecoming of Secretary of the Navy Metcalf will be featured with a dinner and reception at the Key Route Inn. The reception committee of the local committee, of which George W. Reed is chairman, met yesterday afternoon and on the reception Secretary Metcalf addressed the committee Messrs. Frank A. Leach, Jr., M. J. Layman and I. H. Clay, representing the Chamber of Commerce, the committee Messrs. Wilbur Walker and H. N. Gard, representing the Merchants Exchange.  
The entire reception committee of 375 members, the directors of the Chamber of Commerce and Merchants' Exchange will meet Secretary Metcalf on May upon his arrival at the Sixteenth street depot and escort him to his headquarters in Oakland. The program in the reception to the fleet will thus be officially fixed on May 2.  
On the evening of this day a public reception to Secretary Metcalf and his aides will be held at 9 o'clock at the Key Route Inn and all Oaklanders are invited to meet the secretary on this occasion.  
**Money Needed.**  
The parade committee will meet tomorrow (Wednesday) afternoon at 3 o'clock in the reception room at the Bacon building. The committee on entertainment of officers will meet at 4:30 o'clock tomorrow afternoon.  
The finance committee are at a loss to understand why the citizens of Oakland cannot appreciate the importance of this event and come forward with contributions. It is absolutely necessary that at least five times the amount of money be raised to cover the cost of the parade. Up to the present time but \$7500 has been subscribed and of this amount only three checks have been voluntarily sent into the committee without solicitation.

**WELL-KNOWN EDITOR TO TALK AT U. OF C.**  
Edward B. Payne, well known editor, poet and divine, will speak at Stiles Hall, University of California, Thursday night at 8 p. m. on the subject, "An Overturned World." Mr. Payne is well known in this state and vicinity, having edited the Overland Monthly, Gleason's Magazine and filled the pulpit at the First Unitarian Church, New York. ## TURKISH BATH WITH GUESTS IN KIMONOS GOTHAM'S LATEST

When Miss Sankey-Jones, one of New York's fashionable clubwomen, gave a Turkish bath party the other day at a sumptuous establishment in East Twenty-eighth street, she achieved that most difficult of successes, a real novelty in entertainment.

Everything seems to have been done before. People with the means of King Louis of Bavaria haven't his imagination, or would not dare, like him, to transform a summer landscape into winter, by means of quantities of salt, and then take his guests for a sleigh ride.

Vegetable dances, monkey dinners and even bathing suit parties have become stale.

So it was with rather a start that Miss Jones' luncheon guests realized that they were really getting something new when they assembled in the Turkish bath at her invitation.

"This is what I call luxury," said one of the guests, as she was ushered into a dressing room fitted with a couch, mirrors and glass tables.

"Instead of squeezing myself into my tightest princess dress, I am cordially invited to take the said princess off, to divest myself of other articles, which are more felt than seen, and to wear a comfortable kimono. This is true bliss! What a difference it makes when you can begin the day's pleasure by being perfectly comfortable!"

Most of the other guests expressed themselves as she did, and, if for no other reason, Turkish bath parties will become popular, because, no matter what she says to the contrary, the American woman loves the freedom of the kimono and feels that she wears it gracefully.

On this kimono, though probably Miss Jones doesn't know it, hung part of the success of the party. If she had invited her guests to don wrappers the affair would have sunk into insignificance and the guests would have felt that they did not look their best.

In the course of the morning's proceedings they did get rather disheveled, but to be disheveled in a kimono is picturesque, and no one minds being

picturesque in these days. To be disheveled in a wrapper is merely slovenly.

That shows what a difference a national garment makes in one's feelings. We find the kimono quaint, because, though used to it, each kimono differs from its fellow, and suggests besides a land of strangeness and beauty. The Hawaiian hostess, wishing to be very agreeable, offers each one of her women guests a Mother Hubbard as soon as she arrives, and they marvel at its strangeness. So much for the difference in countries.

Arrayed in their kimonos, then, the guests surveyed one another, and if there had been a possibility that any

social ice had not melted in the warm atmosphere of the lounging-room it would have evaporated before the quaint and charming sight. Each guest had received a new kimono, which for this special occasion had been carefully chosen by a real Japanese, and not kimonos made in Newark, but kimonos made in Japan.

The hostess then told them that the baths were at their disposal, that they could have one of all the several treatments to be had, and as long as they were ready by 1 o'clock, it being then 11, she did not care what brand of bath they might choose.

A famous society leader, whose house is near Fifth avenue and Sev-

enty-eighth street, declares she would have given anything to have thought of the Turkish bath party before Miss Sankey-Jones, for it was a relative of the great evangelist singer who saw the possibilities in an establishment already fitted out with all the luxuries for comfort and amusement. Since her famous luncheon a grand piano has found its place in the tea room and a well known woman's club intends to take one evening every fortnight and entertain its members at the Turkish bath.

Truly we are getting to be more and more like the Romans of the golden age, when we combine excessive cleanliness with luxury and feasting.

## WOMEN USE LASH ON STREETS

### Two Are Victims Of Whip

NEW YORK, April 14.—When Police- man George Tobin turned into Lexington avenue after having passed through East Fifth street, two women rushed into his arms. They cried for protection. Their clothes were torn and disarranged. They said they had been beaten by a third woman.

Tobin found the accused woman. All three began to talk at once. The policeman took them to the East Fifty-first street station. They said they were Mrs. Amy Trovold of 155 East Fifty-fifth street, Miss Beale Beale of 600 Lexington avenue, and Mrs. Louise Salott of 120 East Fifty-fourth street.

Mrs. Trovold was accused by the other two of having beaten them with a small whip. Finding that he could not get at the real cause of the fracas, Lieutenant Mangin said, "Forget it."

The three left the station.

### Umbrella Broken on His Head

JAMESTOWN, N. Y., April 14.—Mrs. Minnie Cowden, a pretty young woman, publicly horsewhipped Henry Franklin in Third street because, she said, he persisted in forcing his attentions upon her. She had carried a blacksnake whip concealed in an umbrella for two days.

None of the spectators tried to save Franklin, but after receiving a sound beating he jerked the whip away. The woman then broke her umbrella over his head. The police did not interfere. Franklin kept the whip, but Mrs. Cowden got another, and threatens to whip him again if he follows her. She has twice blackened Franklin's eye for a similar offense.

Franklin says the woman agreed to marry him if he got evidence against her husband so she could get a divorce but Mrs. Cowden denies this.

## Noblewoman Founder of First Woman's Club in France

The Dowager Duchess of Uzès is a founder of the first woman's club in Paris now being established. On the opening day, though many French women were present, the majority were of English speaking nationality.

The Paris Lyceum, as the new club is called, is lodged in a three-story house near the Church of St. Augustin and is leased from an old prince of the second empire. A hundred thousand francs has been offered for the work of the library alone. The door of this magnificent apartment contains nine small square panels of French fifteenth century carving, representing medieval figures wielding primitive implements. The whole of the massive doorway reaching to the rafter ceiling is the same richly carved wood.

Another of the curiosities of the house is a small room on the second floor whose walls are entirely covered with old and precious deities. In soft fine blue. If the new club proves to be a success and the demand for bedrooms warrants the expense the roof will be raised and another story added.

After anxious discussion membership and even visitation to the precincts were wholly denied to any of the theatrical profession. This is thought too severe by some. But it stands.

## WOMAN STEEPLEJACK

Recently Mrs. Larkin, wife of the well known London steeplejack, successfully climbed "Allen's" chimney at Mile End, Mrs. Larkin, seated on a steeplejack's chair, reached the summit, 150 feet high, despite the prevalence of a gale, which at times caused her to steady herself by gripping the iron hoops encircling the chimney. This is the first occasion on which a woman has climbed the outside of a chimney at the end of a rope.

## Book by Woman Foreshadows Her Divorce

CHICAGO, April 14.—"Feed this famished soul that has perished hourly in the wilderness of plenty for a little love, a little sympathy, a tender thought, a fond caress. Do this, and I swear I'll worship you, love you, live for you, die for you."

Members of the Social Economists club, of which Mrs. Lillian Shaffner is the "chief of police," turned to this passage in her recent Chicago society novel, "Suzanne," when they learned she had filed a petition in the Circuit Court asking separate maintenance from her husband, Attorney Benjamin M. Shaffner, on grounds of extreme cruelty and inhuman treatment.

The novel, held by Mr. Shaffner to be the cause of the separation, aroused comment when first published, concerning how far it revealed the domestic

affairs of the writer, Suzanne, the heroine, who may or may not have points in common with Mrs. Shaffner herself, runs away with a socialistic, inclined clergyman, who deserts his wife and child. Suzanne's husband is depicted as a money mad person, who does not understand her "fine sensitiveness" and resigned himself to the inevitable.

### Turn to Chapter on Wife's Woes.

Her friends turned to another passage in which Suzanne tells her husband she is going to leave him, never to return. She neglects to inform him the clergyman also is going. The novel then proceeds:

"The man started at her with a puzzled frown. 'Don't you expect to come back?'"

"When I leave your house today I shall never return to it again."

"What for," he asked in dismay. "What are you going to do that for?"

"Because life is unbearable and I have no desire to prolong the agony."

"Why, you're joking; you're just trying to frighten me. Run along to bed, now, like a good little girl, and I'll write you a check when I get to the office."

"I don't want the check."

"You want the last word," his mirthless laughter jarred her nerves said."

**Action Differs From Heroine's.**

The action of Mrs. Shaffner yesterday differed in several respects from that of her heroine.

Instead of leaving her home she compelled her husband to leave.

She asserted in her petition that Attorney Shaffner made \$15,000 a year from his law practice, causing the impression she would ask for alimony.

She did not elope, but asked for legal separation.

Mrs. Shaffner's charges against her husband were brief. She averred in her petition that during last May he became violently angered at her, and to protect her life she was compelled to barricade herself in a servant's room, and while the attorney tried to break through the door she telephoned the town hall police for assistance. A revolver with which he threatened to shoot her, she said, was given the police.

Society people knew when the novel was offered the public that a separation narrowly was averted in the Shaffner household. The attorney, it is said, objected strenuously to his wife publishing the book.

"All a Joke," Says Husband.

"It's all a joke," said Mr. Shaffner in his office yesterday.

"It is as much a surprise to me as any one. This morning when I left home I kissed my wife good-by. She next thing I knew I was served with notice of the filing of the suit. I honestly do not know what it means."

"Was I cruel to her? Never in my life. I always have tried to be good to her. Why, we have been living together right along, and everything seemed to be going smoothly."

"But people say her book, 'Suzanne,' caused the trouble in your family; that you objected to the moral of the novel, and tried to prevent its issue."

"Yes, that is undoubtedly the whole trouble. It must be the book. She probably has thought too much about it living over the characters in her mind. I have not had an opportunity to go to the bottom of the trouble. But all will be straightened out in time."

**Warrant Is Sought.**

Mrs. Shaffner asked an order restraining her husband from interfering with her at her home. She also asked a warrant for the arrest of Mr. Shaffner on a charge of threatening to kill her.

At her home, 203 Pine Grove avenue, it was said Mrs. Shaffner was confined to her bed, suffering from a severe attack of nervous prostration.

## Wife Whipped Every Three Days

Believing a woman is better for being whipped, John Hertz of Humboldt, a Homestead suburb, rigged up a whipping machine, his wife says, and with it chastised her every three days, whether she needed it or not. He has been arrested and held in \$300 bail for trial. Mrs. Hertz says they have been married only three months.

Among the interesting numbers were the violin solo by Mrs. Florence Mills, accompanied by Warren O. Lucy and the vocal selections by Mrs. Ethel Hunt.

Among the honored guests were Dr. George L. Spinning of New York and Miss Grace Spinning. Dr. Spinning gave an address upon the "Indians of California," showing a close acquaintance with the life of the red man.

## RUNS HOUSE ON \$14.35 PER WEEK; Adjudged Good Manager

NEW YORK, April 14.—Magistrate O'Reilly, in the Manhattan Avenue Court, Williamsburg, decided that the wife of a mechanic, who ran a house on \$14.35 a week, paying all expenses and putting away \$2 a week for a rainy day, was, in his opinion, "a good manager."

In that respect he differed with Mrs. Emma Hallik, but differed materially with her husband, Stephen, a machinist, who earns the money. Stephen was of the opinion that his wife was extravagant, and because of this there were many quarrels.

Mrs. Hallik couldn't stand it any longer so she got a summons for her husband. "I think she spends the money foolishly," said Stephen; \$14.35 a week is a pile of money."

"I can account for every cent," interrupted Mrs. Hallik. "Food is very dear."

It took the magistrate less than five minutes to convince Hallik that his wife was unquestionably doing the best she could, and the pair walked out of the courtroom arm in arm.

## SOCIETY WOMEN AMUSE THEMSELVES WITH PAPER DOLLS AND SKATING PARTIES

CHICAGO, April 14.—Now that the conventional forms of entertainment are tabooed, Chicago hostesses have introduced roller-skating and vaudeville. The latter is milder than it sounds, in several instances consisting of dancing paper dolls manipulated by an expert. It would not be difficult to guess that this was encouraged by Mrs. Harold McCormick, although Mrs. Dick Crane was guilty of the same sort of entertainment, and the Cyrus McCormicks also had the paper puppets as a means of amusing the students of the McCormick Theological Seminary one evening last week.

Mrs. Harold McCormick's "vaudeville" was in honor of the E. Farmelo Entertainment, of New York, who were visiting her, and the Cranes' was for Cornelius Vanderbilt, who was in Chicago for a few days.

The roller-skating parties are lots more fun, and are not confined to debutantes by any means, although both Miss Margaret Ayer and Miss Mercedes Stewart have given jolly ones. Mrs. Joseph B. Long, who goes in for everything the buds do, invited her guests to skate after her last dinner. The women who have ballrooms are converting them into rinks and those who have no quarters of their own take their guests either to the Coliseum or to some neighboring hall rented for the occasion. Some of the younger women who are graceful skaters are Nathalie Fairbank, Lucy Blair, Mabel Burke and Dorothy Martin.

## Songs of Spring

Unto the high, and mighty, as a usual thing, perforce, Ensues in swift succession the pestiferous divorce, Although in doubt at present, yet it seems that once again Two of our hallowed members will be shortly rent in twain; 'Tis sad to think of Alfred, wrapped up in equestrian art, From Elsie, always Gallic, in the future has to part, But still it doth resemble as a more than strenuous fact, Another swift example of the Vanderbiltian act.

The Roman-nasled Sagon is with rapture now in bliss, But one thing that confronts him is the sad and doleful this, That possibly, unless he shows he's willing to disgorge, He possibly will meet with verbiage from brother George. The latter and his sister, Helen, now are to the fore And excrete the princeling as they did the Count of Fore; Of reason has not Anna just the veriest tiny glint; One would imagine Castellane had given her a hint.

Hail to the Duke d'Abruzzi, who is quite a genial soul, With optics fixed on Katherine, likewise on popper's roll; He sails away to see his king, likewise the news he brings, Forever, after this, he will abjure all Arctic things. Thrice welcome will the boodle be to poor Italia's clime, Where only consolation is eternal Summertime, And e'en the good old Gassaway's ecstatic in his speech, Asserting that the dago Duke is anything but leech.

### LUNCHEON DATE.

The Tea Club of Alameda will hold the annual luncheon next Saturday at Idora Park. The club is among the oldest organizations on this side of the bay, and has a long record of the pleasantest reunions. At a recent election the following officers were elected: President, Mrs. Charles Allard; vice-president, Mrs. Charles Bradford; treasurer, Mrs. Duncan Wright; secretary, Mrs. G. M. Hill; executive officer, Mrs. J. A. Waymire.

### AFTERNOON AFFAIR.

Miss Pontaine Benton entertained the members of a sewing club yesterday at her attractive home. Among those present were Miss Evelyn Jones, Miss Henrietta Dawe, Miss Bique, Miss C. H. Hovens, Miss Vivian Freeman, Miss Hazel Ostrander, Miss Caro Mills, Miss Harrie Gane, Miss Myrtle Holje, Miss Violet Holje, Miss Rose Barnes, Miss Alta Vegue, Mrs. Arthur F. Leary.

### HAS RETURNED.

Mrs. Louis Kilpatrick, formerly Miss Gertrude Linderman, has returned to her home in Vallejo after a visit with her parents, Mr. and Mrs. J. C. Linderman of 1330 High street. During her visit here Mrs. Kilpatrick was a favored guest at many affairs.

### WEDDING CARDS.

Cards are out for the marriage of Miss Charles Verona Burroughs and Thomas Lee Osburn which will take place Friday evening, April 23, at the home of the bride's parents, the Rev. J. N. and Mrs. Burroughs of East Oakland. The ceremony will be performed by the bride's father.

The bride will be entertained by Miss Civilla Hall as her maid of honor and Joseph N. Burroughs Jr. will act as best man. The wedding will be a pretty affair and will be attended by fifty relatives and friends. Mrs. Arch Currie of Canada and Mrs. J. E. Trevilitt of Fresno, sisters of the bride-elect, are coming here to be in attendance.

Miss Burroughs is an attractive girl with charming manners that have won her a host of friends. She is accomplished and a favorite among her young friends. She has been the inspiration for a number of social favors since the announcement of her betrothal a short time ago.

Mr. Osburn formerly resided at Fresno, but recently accepted a responsible position with the Santa Fe Railroad at Stockton, where he and his bride will make their home.

### SOCIAL MEETING.

The Poppy Social Club held their regular meeting last Saturday evening in the new hall, 3822 Telegraph avenue. After a musical and literary program, dancing was enjoyed.

## Fellowships for Social Students

Eleanor H. Johnson receives the applications from the recently established fellowships in college settlement work. Four settlement fellowships have been established by five women's colleges—Barnard, Bryn Mawr, Smith, Swarthmore and Wellesley. The competition will be open to former students of these colleges and the best qualified applicants, representing four colleges, will be awarded the fellowships. The object is to open to well qualified persons the opportunity afforded by settlement life for investigation for settlement and other philanthropic and civic work.

A fellow is expected to reside in a settlement during the academic year and to pursue some clearly defined line of work, scientific or practical, under such guidance as may be arranged by the committee on award. Should an applicant be satisfactory in other respects but unable to live in a settlement, the residence requirement may be modified at the discretion of the committee.

## YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse. The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

**LYDIA E. PINKHAM'S VEGETABLE COMPOUND**  
Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham: "For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

## POPE WILL TRY TO STOP DIVORCE EVIL IN U. S.

Encyclical Letter to All Bishops in This Country.

ROME, April 14.—It is known that Pope Pius has under consideration the matter of the divorce evil in America. An encyclical letter on the subject will be addressed on the bishops in the United States within a very short time. This new step to safeguard the sanctity of the marriage relation is the result of the alarming increase in divorces in the United States, especially since it has come to affect Roman Catholics.

Mining Man Dies: San Jose.—Thomas M. Oliver, a well-known mining man, died yesterday at the home of his sister, Miss Louise. Mr. Oliver had been engaged in active mining in most of the mining counties of the State for over twenty years. He was the son of the Rev. Warner Oliver, one of the pioneer Methodist ministers of the State, who died in this city only a few weeks ago.

## ALMOST A MIRACLE

His Body Distorted and Racked With Rheumatism for Two Years This Young Man Now Walks and Works.

For a generation Dr. Williams' Pink Pills have been curing rheumatism and other diseases caused by poor blood and during that time certain cures have been published that were so marvelous in their nature that they have been termed modern miracles. Such a cure was that of Charles Calhoun Jr., now living at Capron, N. Y., and employed in a mill there. The facts in the case are widely known in the neighborhood in which Mr. Calhoun lives and the cure is regarded locally as nothing short of miraculous.

When the Calhoun family was living at Winfield, N. Y., some years ago the young man was taken sick. "Our family doctor pronounced it inflammatory rheumatism," says Mr. Calhoun, "and he attended me for about a year. For nine months I was confined to the bed and in such agony that I could not bear the weight of the sheets nor to have anyone touch me. I could not move myself at all."

"The rheumatism was complicated with a nervous trouble resembling St. Vitus' dance, my limbs and head jerked and I suffered all the agonies possible. Blisters were applied to my knees until they left scars but I could not feel them. My fingers began to draw out of shape and get stiff. "In spite of the doctor's treatment and all the medicine I took I kept getting worse. My feet swelled so that I could not get a stocking on and I could not straighten up at all. Finally the doctor told my father he could do nothing more for me."

"At this time Dr. Williams' Pink Pills were recommended to me and I found relief in the first box. After taking three boxes I could walk. I continued to take them steadily until I was cured. That was in 1895. I have worked every day for years now and am entirely well and have no trace of my old trouble whatever."

Our free pamphlet, "Diseases of the Blood," gives further information about the treatment of rheumatism. Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## MURDER OF MAN WAS BIG MISTAKE

During Pierce Love of Two Sicilian Rivals Wrong Man Was Killed.

NEW YORK, April 14.—That Julius Rosenheim, charged with whose murder Frank Maco was under arrest, is the opinion of Coroner Wizenand, who bases his opinion on a letter he recently received from the woman supposed to be Maco's wife. Mr. Rosenheim was struggling with his wife through the gardens surrounding his home at Pelham Manor, when a man sprang from the bushes and struck him down.

The coroner says the tragedy had its origin in the love of two fiercely jealous Sicilians and that one of them killed Rosenheim by mistake while seeking his rival's life.

"My husband, Dominick Maco, is under arrest here and has been sentenced to thirty days in jail. He has confessed to me that he murdered Mr. Rosenheim of Pelham on June 11, 1907. My husband was working at Liberty, N. Y. I left him and came to New Rochelle."

**Made Innocent Date.**  
"I wrote a letter to a friend of mine at Liberty, but Dominick got the letter by mistake. In my letter I said to my friend, Frank Delucia, that I would meet him on the night of June 14 in the Pelham woods. After he read my letter my husband was very angry. He came to New Rochelle and went to his brother-in-law, Frank Aleio, at 33 River street, and showed him my letter and said, 'If it's going to keep me a whole week, I'm going to kill him and my wife.'"

"Afterwards made up with Dominick and we went to Pennsylvania and afterward to Indiana. "We were very jealous and every time we would quarrel he would say to me, 'All right; I made one mistake and killed a man in Pelham, but I won't make a mistake the next time. I'll kill you and your friends.' "MINNIE MACO." (Signed)

**Crashed Man's Skull.**  
Coroner Wizenand's theory is that Maco while wandering through the fields in search of his wife and Delucia came upon the needle merchant and his wife and mistaking them for the woman and her companion, killed Mr. Rosenheim before he discovered his mistake. The needle merchant was found with his skull crushed.

His wife, who was a few feet away at the time of the murder, fainted and could not give a description of the assassin except to say that he spoke with an Italian accent.

**Feminine Sympathy.**  
Miss Fytche, 34, have heard that my brother in Australia has been nearly drowned. They only just managed to save his life! The Victor—Dear me, I am sorry to hear that!

**Limited Scope.**  
Chief—Suffrage or no suffrage, woman's chief duty, after all, is to make fools of us. She—I quite agree. But you're no idea how tiresome it is when Nature has forestalled us.—Sketch.

**One Defendant Dead: Los Angeles.**  
Word was received here today of the death in San Francisco last night of R. D. Jones, one of the Los Angeles men charged with complicity in the Oregon land frauds in connection with the operation of the Pacific Lumber and Furniture Company.

## HUSBAND LOST; POLICE PUZZLED

Portland Business Man With Money on Person Disappears En Route Home.

(Special to The Tribune.)  
SAN FRANCISCO, April 14.—The police are much puzzled over the disappearance of Fritz Kneith, a young business man of Portland, who, with his wife and family, went to the ferry depot yesterday afternoon to take the train for the northern city. They had been staying with friends at 1288 Laguna street and shortly after their arrival at the ferry depot, Kneith said he would go across the street and make some purchases.

He went over in the direction of East and Mission streets and up to the time the boat left, failed to return. His wife and family were waiting for him and were much worried over his disappearance, but Mrs. Kneith decided to pursue her journey, and has asked the local

police to assist her in locating her husband.

Detectives Conlan and Mackey spent all the early part of last evening in a search for the missing man, but were not able to find him. He had a considerable sum of money in his pocket at the time of his disappearance.

**NEGRO ENDS HIS LIFE BY TAKING STRYCHNINE**

Frank Anderson, colored, 35 years of age, committed suicide last night by taking strychnine in a room at the Eureka Annex, 823 Washington street. The body was taken to the morgue where an inquest will be held. A letter was found in the room addressed to his sister, Miss Eundy, of 125 Bay street, in which it was stated that he had taken "enough strychnine to kill a horse." Letters in his pocket indicate that he had recently seen a patient at the Lane Hospital in San Francisco. Scars on his arms showed that he had been addicted to the hypodermic use of opiates. It is thought he took his life while dependent upon his physical condition. He was poorly dressed and was without funds. Anderson hired a room at the Eureka Annex yesterday morning at 11 o'clock and his dead body was found at 10 o'clock last night by the night clerk.

**SUFFERS FOR YEARS; THEN CURES ECZEMA.**

Patience and Little Granddaughter Both Secure Permanent Results From Wonderful Liquid Remedy.

Mrs. Alfred Aldrich of Pompano, Fla., and her little granddaughter were both cured of itching, burning skin diseases by the use of ordinary oil of wintergreen mixed with glycerine, thymol, etc., the cases having been attracted considerable attention among medical men.

Mrs. Aldrich had suffered for years for years without finding any relief, while her granddaughter was developing the dreaded psoriasis spots which threatened to become permanent. Yet only one bottle of the cure under such a short treatment that aroused the interest of specialists generally, for usually Eczema, psoriasis, Barber's itch, salt rheum and other diseases of like character, are cured, if cured at all, only by a long course of treatment.

Mrs. Aldrich writes: "I had sores on my face for three years and during all that time I tried everything I could find. I took any amount of blood medicines and used all kinds of healing salves. One day my husband told me to send for your D. D. D. Prescription for the cure of skin diseases. I am only too happy to say that D. D. D. not only cured me, but also my little granddaughter."

Oil of wintergreen, the chief ingredient of D. D. D. Prescription, is compounded with other healing vegetable properties to produce this liquid remedy which is as easy to apply as water. It acts directly on the skin so the relief is instantaneous—as you will find by your first trial. We will be glad to furnish a free booklet on the causes and cures of diseases of the skin; also a pamphlet on D. D. D. Soap. For sale by the Owl Drug Company.

Hyomei Gives Relief in 10 Minutes—Cures Over Night

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balsmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose and throat will instantly allay the inflammation and will effect a prompt cure.

Complete Hyomei outfit, including Inhaler, costs only \$1.00 at leading druggists. Extra bottles, if afterwards needed, will cost but 50 cents. Joseph M. Harbaugh, Haldredge, Neb., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."

## PAIR, SECRETLY WEDDED, EXPLAIN

MRS. THOMAS J. WILLIAMS

Tell Friends of Their Marriage Despite Opposition of Thos. Williams' Mother.

Miss Mary E. Davis and Thomas J. Williams, who were secretly married yesterday by Justice of the Peace Quinn revealed the secret last night to their friends.

Mrs. Mary E. Williams, mother of the bridegroom, who resides in Pine street, Melrose, sent her youngest son to the county clerk's office to use his influence in urging the official to refuse them the license, but the boy arrived just too late. Mrs. Williams stated that she approved of the marriage, but she objected upon the grounds that the groom was not of age. However, the young couple were forgiven by her. They are receiving congratulations from their friends and relatives.

Mr. and Mrs. Williams recently immigrated from South Wales and intend to make their home in this city.

## Stanford Selects Tennis Players

STANFORD UNIVERSITY, April 14.—The singles team which will represent Stanford in both the men's and women's tennis tournaments against California next Saturday were finally selected yesterday. A. J. ## NEW CITY COUNCIL COMMITTEES NAMED

Changes in Personnel Made—Mullins Heads License Committee.

President-elect Ellsworth of the City Council last night announced his appointments of chairmen and members of the various committees for the ensuing term. The committee on parks and boulevards was dropped from the list and a committee on drainage and sanitary affairs added. There was no change in the chairmanships of the auditing and finance, wharves and water front, street lighting and railroad committees.

Councilman Bronner, recently appointed to fill the vacancy left by the resignation of Edwin Meese, to accept the office of city treasurer, vice Richard Ayer, resigned, was appointed chairman of the committee on fire and water. Councilman Burns, formerly chairman of the license committee, was appointed chairman of the committee on public improvements, while Councilman Mullins, formerly of the park and boulevard committee, heads the license committee. Councilman Everhart, formerly chairman of the street committee, is appointed chairman of the new committee on drainage and sanitary, while Councilman Barcus, formerly chairman of the public improvement committee, was appointed head of the committee on streets. In future the park and boulevard affairs will be attended to by the Board of Works. The new committees are as follows:

## 91 TAPERS GLOW TONIGHT IN BOHEMIA FOR BROMLEY

"The Old Guard" Surrenders to "Uncle George."

SAN FRANCISCO, April 14.—Surrounded by old time friends and newcomers, "Uncle George" Bromley, the venerable protégé of the Bohemian Club, will celebrate tonight the ninety-first anniversary of his birthday.

Raphael Well will be the host of the occasion, as he has been on prior feasts in honor of "Uncle George," and John Landers will act as toastmaster. The birthday cake with its 91 candles will be cut at the Bohemian club. Forty guests have been invited to assemble about the board. All the members of the "old guard" of the club will be present. Mayor Taylor is to be a specially invited guest. The evening will pass in toasts and speeches and congratulations extended to San Francisco's oldest and best beloved clubman.

## BRIEF STRIKE WON BY GRAIN HANDLERS

PORTLAND, Or., April 14.—The strike of grain handlers, which began this morning over the matter of five cents difference in the amount of overtime they shall receive, was settled this afternoon by the grain exporters agreeing to concede the point. A 35 cent wage for regular work was the schedule adopted.

## INCINERATING COMPANY GIVEN TWO WEEKS' GRACE

City Council Postpones Revoking of Franchise.

The City Council last night considered an ordinance repealing the franchise of the Pacific Incinerating Company, but it was put over for two weeks on the technical ground that the company's franchise may not be repealed until the city has arrived at some definite arrangement whereby it can dispose of all garbage.

An ordinance was introduced, and referred to the judiciary committee, approving the action of the Board of Public Works in awarding the contract for carrying all of the city's garbage out to sea, to the Wall Brothers, contractors on an appropriation of \$65,000, or whatever portion of that sum may be deemed necessary when the work is under way.

Another ordinance dealing with garbage was also considered. It provides that the garbage shall only be dumped in certain places, to be hereafter specified, as the Board of Works may provide.

## OSGOOD'S CIGAR SENSE

### STRAIGHT TALK NO. 3

What would you say if you saw a man who smokes six cigars a day throw 15 cents into the garbage can every day? We know what you would say—no need to repeat it.

The man who smokes six 12½ cent cigars a day or who buys them for other people to smoke, throws away 15 cents every day UNLESS he buys them at the Osgood's Cigar Departments.

We sell your favorite brand, no matter what it be, of 12½ cent cigars for 10 cents. Not for a "one day special" or for a week, but every day in the year.

Is it good sense to buy anywhere else? If you think it is, then continue to throw away your money daily.

But that is not all. We sell all the standard 5 cent cigars 6 or 7 for a quarter.

And we have still a bigger cigar offering for you. It's the CEDULA, a genuine clear Havana, fragrant 10 cent cigar that we always retail for a nickel.

# O'KEEFE AND SULLIVAN FIGHT HERE TONIGHT

## BALL-PLAYERS GREETED BY LOCAL FANS BETTING ON THE RACES AT BENNING'S IN DANGER

### GANS AND NELSON HOLDING OUT FOR FAVORED CLUB

Each Lightweight Is Tied Up to a Promoter and It Looks as if the Match Is Off.

BY EDDIE SMITH.

Battling Nelson and Joe Gans have finally agreed to disagree and the proposed match between the old rivals is off—that is for the present at least. Ben Selig as manager for Gans has stuck closely to Jack Gleason of the Occidental Club and Nelson, with a desire for a long contest, has cast his lot with Jimmy Coffey.

It would be hard to take sides with either man, for in their own way they are both taking a right stand. Gans, with his wonderful cleverness and ring generalship would have a much better chance to clinch victory if he can get the Dane to sign for a twenty round contest. Nelson, on the other hand, with his well known endurance, would of course have a much better chance to win if he had a long route to travel. Nelson has been matched to meet Boer Unholz by Jim Coffey and Gans is tied up with Gleason for a contest during the month of May with any opponent that Gleason may be able to sign. The present crop of light weights is at the best a small one and with McFarland out with a statement that he has no desire for a match with the colored wonder for at least a year and with Unholz and Nelson signed, it would seem that the only available men are the two who are to meet tonight at the Reliance Club.

Jack O'Keefe and Pete Sullivan are the pair, and if either should win by the knockout route and display much class, then the promoters might use one of them. Gleason has announced that he may match Gans with the winner of the Attell-Sullivan contest, that is to come off at the end of this month.

**Attell Busy Fighter.**  
Attell has now had four dates in San Francisco, and with the next, which will mean five fights in San Francisco since the first of the year, Attell will probably want to rest it for a while. That is, he will want to be at his very best if he is to clash with the colored champion, and there is not much chance of Sullivan meeting Gans, for the Brooklyn boy has a deal of respect for the light weight champion.

Judging by the present outlook it would seem that Gans would once more be compelled to take a chance in a handicap affair. A match between Joe Gans and Harris Lewis for the welter weight championship would prove a great attraction.

Jimmy Gardner in his fight at Los Angeles will have a chance to redeem himself with the San Francisco public by beating Mike (Twin) Sullivan. Sullivan beat Gardner in his last fight, and the fighter was making an awful hit with the fans there and previous to this time there was plenty of talk regarding a match between Gardner and Gans. Now if Jimmy comes through and wins from Sullivan, he has a good card with Gans.

Nelson's action in signing to meet Unholz has ruffled Selig a bit and he has announced last night that he would insist on John T. Clark holding up Nelson's \$2500 forfeit. As the Battler has a check only posted it would seem to the writer that the demanding of the forfeit and the getting of it are two different things, and although Ben Selig is mad and is backed in his judgment by some of the best informed sports, still it remains a fact that it is a hard thing to collect a forfeit when the stakeholder has only a check in his possession.

Had the match been all arranged Clarke would in all probability have cashed the check and then the forfeit would have been his to do what he pleased, but as it is it would seem that Nelson has the best of the going so far as the forfeit is concerned.

**Turner Back in Game.**  
Rufe Turner has again entered the boxing game and on the 18th of this month will try conclusions with Lupton Carranza at Eureka in a club managed by J. W. Joseph.

Turner in his day was the terror of the light weight division and was a scare to all the white men in that class until along came a Mister Gans and made him look foolish, and from that time on Turner was not considered so much and was beaten by any number of good white boys.

At that Rufe beat many a good one, and if he is in anything like his old-time condition he will give Carranza a fine time. Turner is the favorite in the betting at Eureka and is reported fit and ready.

**Gardner and Sullivan.**  
Jimmy Gardner and Mike (Twin) Sullivan have been matched to appear in the opening contest of the Jeffries Athletic Club in a twenty-five round contest. These men met in San Francisco and Sullivan won, but Gardner has always claimed that he was not in good condition owing to sickness and has been after a return match ever since.

**Burns and Johnson.**  
Have you noticed the manner in which the fight promoters are fighting each other for a chance to handle the Burns-Johnson contest at a purse of \$35,000?

The gall of this pair of bruisers to expect any such purse is the best joke of the season. Johnson has always been known as a quitter and the most disappointing man to watch in a contest that this country has ever had. The fans at this end of the line have had plenty of opportunity to remember his bad showings. Surely Burns has done nothing to warrant any such demand being made on the public or a matchmaker.

Who has this pair of fighters beaten to make the world believe they are the big show and that they are entitled to any such purse? Johnson has even been beaten by such fighters as Marvin Hart and Burns, while a good fighter on the improving order has no right to make any such demand as \$30,000—win, lose or draw—with any fighter.

JACK O'KEEFE, THE CRACK CHICAGO FIGHTER, WHO WILL MEET PETE SULLIVAN OF LOWELL, MASS., IN THE MAIN EVENT AT THE RELIANCE CLUB TONIGHT.

## EASTERN JOCKEY CLUB WILL MAKE IMPORTANT CHANGES IN BETTING

NEW YORK, April 14.—That there will be important changes made in the methods of race track betting in the Metropolitan district at the adjourned meeting of the stewards of the Jockey Club today is generally conceded. The changes will be in the designated portions of the ring enclosure. It was said that there was no longer to be a betting ring, though the same enclosure will be open for general purposes at the coming meeting, with the equipment of stools or places for the bookmakers or any other organization that last season governed the betting ring. Concerning the field stand there was only rumor, and that made no specifications beyond the general report that it was likely that the field stand would have to do the best it could without betting of any kind. This supposedly means that the race tracks will refuse to regulate or recognize field stand betting and that new restrictions will be placed on whatever speculation may go on in the field. The objection made to the field stand betting was chiefly to the opportunity which the small wagers usually gave for betting by persons to whom any sort of loss would be a serious thing.

and it is the general opinion that such steps will be taken before the opening of the Aqueduct meeting tomorrow. The greatest change mentioned in race track meets concerned the elimination of stools, which the bookmakers and their clerks occupied last year in designated portions of the ring enclosure. It was said that there was no longer to be a betting ring, though the same enclosure will be open for general purposes at the coming meeting, with the equipment of stools or places for the bookmakers or any other organization that last season governed the betting ring. ### Crack Fighters Ready for Bout

**Sullivan and O'Keefe Finish Their Training and Each Man Is Confident.**

Tonight the Reliance Athletic Club will open the doors of their spacious gymnasium in order that the public may witness the regular monthly boxing show that the matchmaker has arranged. The contests, six in number have every appearance of being the best lot that has ever been seen before an Oakland Club.

The tickets have been selling far beyond the expectation of even the matchmaker and a good crowd is assured.

In the main event two men are to meet who will make every effort to win, not alone for the long end of the purse, but also for the prestige that the win will give him in trying to get on in a long distance contest in San Francisco. O'Keefe has a great following from the race track and will no doubt be made the favorite in the ring side betting, but the fans from San Francisco who have seen Sullivan at his training will also have a good sack to bet and most of all will be sent in on the Pall River fighter.

If O'Keefe wins and shows up well he will try to get a match on with Joe Gans. Jack feels that he has an excellent chance to win from Gans and is willing to try at a winner-take-all basis. He says he wants the chance to try for the championship and if he can't win he is willing to give his end of the purse for the title. Sullivan is after Boer Unholz and if he wins he will be right after the winner of the Nelson-Unholz fight. He has already fought a draw with Unholz and is of the opinion that he will be able to win in the next start. The remainder of the card includes two six round contests between Harry Williams vs. Dick Murry and Willie O'Neil vs. J. McCarthy and three good four round preliminaries.

### Sutton and Hoppe Divide the Honors

CLEVELAND, April 14.—Willie Hoppe and George Sutton, the crack billiard players, divided honors here yesterday in the 18-2 billiard match, each winning one of the four point matches. In the first game Sutton won 400 to 350, and the second game went to Hoppe, 400 to 247.

### BURNS AND JOHNSON WILL SIGN ARTICLES FOR BOUT

NEW YORK, April 14.—Tommy Burns and Jack Johnson are due to sign articles today for a fight that will decide the world's championship in the heavy weight division. Johnson has been pursuing Burns for a long time, and Sam Fitzpatrick met Burns advance man yesterday and the pair have practically signed up. Burns will get most of the benefit accruing from the fight.

Each side posts forfeits of \$2500 today for appearance money. If the money is not required as a forfeit it will go as a side bet. Burns wants a fight of forty-five rounds or more and the Johnson people readily agree to this.

Burns' advance man stipulated and the stipulation was included in the articles, that Burns was to receive \$30,000—win, lose or draw.

In order that his man will not go penniless Fitzpatrick stipulated that the pair should not fight for a purse of less than \$35,000, and that Johnson was to get \$5000 of this. Also that if the purse went above \$35,000 that Johnson was to have all in advance of \$30,000.

Articles are to be signed today.

### Gambling May Be Stopped at Track

WASHINGTON, April 14.—Senator Scott of West Virginia reported favorably yesterday the House bill that will prohibit gambling in the District of Columbia, which includes the Benning race track. He did not ask for immediate consideration of the bill and it took its place at the foot of the calendar.

### Sunday Baseball For the South

MOBILE, Ala., April 14.—Judge Jules Alford declared yesterday that the law against the playing of baseball, lawn tennis and other outdoor sports on Sunday was unconstitutional.

The effect of the decision is that baseball will be played in Mobile, Montgomery and Birmingham.

**Gaiewskys Win From Fullers**  
ST. HELENA, Cal., April 14.—The Gaiewskys of St. Helena defeated the W. P. Fullers of Oakland in a hotly contested game on the home grounds, the Gaiewskys winning out in the ninth inning by a score of 5 to 4.

### Amateur Notes

The Hammits defeated the Gunnysack Demons Sunday afternoon at the Lake diamond by a score of 10 to 5. The game was fast and exciting until the sixth inning, when the Hammits got in in real earnest and made five runs, leaving them far in advance of the Demons. The Hammits have an open date for next Sunday and would like to hear from any team averaging 15 years. The A. Y.'s preferred. Address all challenges to Frank Kruse, 421 Thirty-eighth street, Oakland.

### Pinole Wins Game From Gunst Team

The M. A. Gunst Staples lost a close game at Pinole Sunday. The Staples were in the lead until the ninth inning, when Pinole secured two runs on a questionable foul to right, the final score being 9 to 8. Batteries—Staples: Chapman and Byrnes. Pinole: Mobbs and Cunnah.

### Monterey Beat Golden Sheafs

MONTEREY, April 14.—The Golden Sheaf baseball team played Monterey yesterday, the latter team winning by a score of 4 to 1. The pitching of Knox of the locals was a feature of the game, as he allowed his opponents only two hits and had eight strikeouts to his credit.

### Fifty-Five Horses Named for Classic

HARTFORD, Conn., April 14.—The announcement of the entries for the early closing events of the Charter Oak Park for the Grand Circuit meet here in September shows that fifty-five horses are named for the Charter Oak Stakes of \$10,000 for the trotters eligible to the 2:00 trot. The winner of each will get \$1500, with \$500 to second and \$300 to third and \$200 to fourth. There will be \$2500 for the horse winning the greatest number of races and this horse will be declared the winner of the Charter Oak.

On account of election day at Emeryville yesterday the wet goods department were closed at Williams Park.

After Lisaro won the handicap at the pleasing odds of 30 to 1 the judges informed Trainer George Bush that the horse was the best of the bunch and that he was more than they could stand (and likewise the public) and it would be better for all concerned to bar the horse from starting again, at Williams Park at least.

Starter Richard Dwyer, looking as brown as a new penny, appeared at the track yesterday. He will take his place at the barrier on Thursday.

Bookmaker Tom Shaw, who a few seasons ago chalked up the odds for Barney Schriber was the biggest operator at New Orleans. Shaw won \$20,000 during the racing meet at the Crescent City tracks and this was probably the largest sum ever won by an individual in a single season.

The ones in the know strong with Minnie to take the opener. They never even got close to the money.

Jack Crane's Billy Meyer dropped into the hole at odds of 6 to 1, and no tracks.

Johnny Millin's Tom Hayward grabbed the two year old stakes from Alice George with something to spare.

Pomare to show was well played at last time. The Solitaire II youngster was an easy third.

Angelface was well thought of by the fair sex in the stand. The best of the youngsters could do was to finish absolutely last.

Johnstown was three weeks the best horse in the mile and seventy yards affair. Billy Cahill's horse got away all tangled up.

Starter Jake Holtman and Starter Dick Dwyer met for the first time this winter to shake hands.

The ring got burnt up on the win of Burning Bush.

Trainer Johnny Fraters and his big Oakland followers cleaned up on Burning Bush.

The feature of the day's sport at Williams Park yesterday was the ding dong finish between Freen and Burning Bush.

The Arcadia delegation went down the line on Livius. The Longstreet horse won the confidence of his backers by capturing the mile and a quarter in handy fashion.

### Freeman Wins Billiard Game

SAN FRANCISCO, April 14.—James Freeman defeated Andy Gless in the third game of the billiard tournament for the championship of the Coast at the St. Ives parlors last night. The game was at third cushion and Freeman won by a score of 80 to 23. The game was even until the finish, when Freeman ran out his string.

### Blackburn Wins From Heveron

PHILADELPHIA, April 14.—Jack Blackburn, the great negro lightweight yesterday knocked out Bill Heveron of Australia in the third round, when he landed a stiff right to the heart. He showed this up with a left hook to the face. Blackburn had all the better of the going and repeatedly floored the Englishman.

### LISARO SUDDENLY COMES TO LIFE IN HANDICAP

**Baldwin's Horse, Which Could Not Raise a Gallop in Last Race, Romps Home at 30 to 1—Other Gossip.**

BY LEE DEMIER.

This week's proceedings at Williams Park opened with a clever card which attracted a good attendance. The event of most importance on the list was the Larkspur Handicap, a dash for sprinters, in which a clever field hooked up. The race, however, did not develop much of a contest and resulted in one of the most glaring form reversals of the season when Lisaro, which in his last race trailed his field all the way, came out all lit up and at 30 to 1 towrope his field practically from the start, winning in a conch center. The Mist was right there all the way and disposed of Fred Bent for the place. Gypsy King was out off in the early running, but at that ran a very indifferent race.

Curriculum ran right back to his last race and after a mild drive in the stretch came on and scored a clever win in the opening dash. Billy Meyer, in a determined finish, nosed out Gene Handlon for place money.

Tom Hayward easily outclassed his field in the second race and simply galloped from barrier to wire. Alice George, fresh from Arcadia, made a nice showing and outgamed Pomare for second place.

The third race resulted in a stirring finish between the three first horses. Lisaro was gamely met by the finish and a strong ride disposed of the heavily favored Tommy Ahearn. Johnstown, the choice, after meeting with a head, was the next to go, but he was too much for the public and he would be better for all concerned to bar the horse from starting again, at Williams Park at least.

Livius was meant and lucky to get through on stretch turn, closed ground gain and won the mile and a quarter in a bit too far and dropped into second place. Pontotoc fell heir to the show.

Burning Bush was a good horse today; kept right after Freen, the choice, all the way; outgamed him to the finish and in the end he was the best of the bunch. He was easily out of the others for the short end of the purse.

On account of election day at Emeryville yesterday the wet goods department were closed at Williams Park.

After Lisaro won the handicap at the pleasing odds of 30 to 1 the judges informed Trainer George Bush that the horse was the best of the bunch and that he was more than they could stand (and likewise the public) and it would be better for all concerned to bar the horse from starting again, at Williams Park at least.

### Stanford Men Are In Good Condition

STANFORD, April 14.—"Dad" now has the training running trials which appear very satisfactory. Freshman Wyman ran a trial quarter without competition in the fast time of 1:51.5, proving that he is a star in the making. "Dad" is having some difficulty in selecting his relay team, since "Spike" Hussey is out of it. It is believed that the team will comprise Miller, Brown, Wyman and Coffey. But in case Miller or Brown are exhausted from previous races, "Dad" Moulton is going to be prepared with the best others available.

The work of collating money for the Chicago trip for the Cardinal track team will not really commence till tomorrow night when the executive committee will devise ways and means for raising the \$1400 necessary.

The closing of the saloon at the track yesterday caught the public unaware.

All of R. L. Thomas' horses reaches Sheepshead Bay from California in good condition.

The Newcastle stable's McCarter gives promise of being a good horse this year. He was let down recently far half a mile and will be a useful horse and never looked so good.

W. B. Jennings is now busily engaged at Sheepshead Bay shaping his horses into racing form. His good Billy Julia Powers does not look extra well. She apparently has not grown a particle since last fall. She has only been galloped slowly so far.

Rosenberg is not being hurried in his preparation this spring, and the famous sprinter never looked so well before. He will surely be as good or better than ever before.

Sam Hildreth watched Mellick gallop at Sheepshead Bay the other day. Reports say that Hildreth's good colt is looking well and will be a star in the Cartel handicap, barring accidents.

In order to fool the clockers, Jack Nunnally and Tom Shaw are worked outside the track.

Reports from the East say that quite a number of horses at Benning's will go to Baltimore for the meeting at Pimlico, which is expected to be the best ever given by the Maryland Jockey Club. Many improvements have been made at the track, including a new eighteen-stall paddock, new offices, jockey room and brick promenade. Stables are now offered for 600 horses, and the tracks have been greatly improved.

The wise set went to Green Goods in the last race. The checked Walker's colt down from 10 to 6 at post time. The horse looked like real money a furlong out, but could not hold on.

### OAKLAND TEAM GETS WARM RECEPTION BEFORE GAME

Fans See Big Automobile Parade and Cheer the Old Timers and the New "Cubs."

By T. P. MAGILLIGAN.

Fandom was astir early this morning and all the ball players were warmly greeted by the old-time rooters and some of the younger generations of baseball fanatics.

Devereaux's store was the scene of a levee, and the ball players all exchanged handshakes with the old friends.

Bill Wright came in for much admiration. He is a crowd in this city and when he told them of the "lightness" of his home town of Tontogany, O., he got many a laugh.

The big automobile parade preceded the game today and the team was cheered all along the line. A band of music preceded the war heroes and was followed by the players. In the train of the players was a number of automobiles bearing the thirty-third degree rooters. Quite a crowd is on hand to see the opener and Oakland warmed up in such a manner that the home guards are confident of winning the struggle today.

The last soup strainer has passed from the league company.

The strands of golden brown that hid the space between the classic nose and Cupid mouth of John Titus composed the last survivor.

Now that has passed away, for destined to be able to coach without having to bury his words through a tangle of red weeds. John limbed a gallon of laughing gas and permitted a Savannah barber

# WILKINS POINT AGAINST WILKINS

Court Allows Prosecution to Introduce the Testimony of Mrs. Ida May Anderson.

An important point was scored this morning by the prosecution in the trial of Mark Wilkins, charged with the murder of his putative wife, Mrs. Verma Carmin, in Superior Judge Melvin's court. Judge Melvin overruled the objection of High Melissas, counsel for Wilkins, to the admission of the testimony of Mrs. Ida May Anderson, given at the preliminary examination. Mrs. Anderson left the State after the preliminary examination and has not been found. She is in Iowa with her husband.

Melissas presented authorities for his contention that as the District Attorney knew that Mrs. Anderson was gone away that he should have held her until the trial. Melissas asserted that he desired to cross-examine the woman, having discovered many startling things about her since the time of the preliminary examination.

**Brown's Contention.** District Attorney Brown argued that he had no authority to hold Mrs. Anderson in this State and that he had endeavored to have her subpoenaed, to give testimony at the trial. As he was unable to find her he argued that the testimony given at the preliminary examination is admissible. Judge Melvin concurred with Brown and overruled the objection. The defense noted an exception. The transcript was read to the jury.

Mrs. Anderson's testimony is important to the prosecution, as it is needed to show the motive for the alleged murder of Mrs. Carmin by Wilkins. Mrs. Anderson testified that the defendant had asked her at one time to go to a notary with him and stated that he was his wife, so that he might have the community property of Mrs. Carmin and himself placed in his name.

Melissas said in an interview: "I think it is a right of the defense to have Mrs. Anderson in court, so that she might be cross-examined. Since the preliminary examination I have learned many things upon which I would like to cross-examine Mrs. Anderson and show what kind of a woman she is. I am confident that I could disprove many of her assertions which have been contrary to the interests of Mr. Wilkins."

**JAIL FOR THREE YEARS AND THEN DEPORTATION**  
Man Who Robbed Cash Register Must Leave Country.

Emil H. Knoblock, a recent arrival from Germany, not only received a long sentence in the State prison at Folsom this morning but was given to understand that after his expiration he would be deported to the market of the M. W. Sampson Company in Berkeley and looted the cash register. He was sent to jail for three years.

Before sentence was passed Superior Judge Ogden said that he would make the sentence on the condition that the defendant did not wish to agree to this and the judge gave him a heavy sentence and advised the District Attorney to see that Knoblock is deported after the expiration of his sentence in the penitentiary.

**Body Found With Weight on Feet**  
BEELINGHAM, Wash., April 14.—Last night the body of a man was found floating upright in the harbor with a pound weight attached to his feet. The police declared, pointed to murder. The corpse was identified today as that of a man who disappeared from the ship Star of France two months ago. Later it was reported from the ship that Nelson and described the vessel sailed seven weeks ago for Alaskan ports.

**Poisoned Eating Tainted Ice Cream**  
KENNETT, Shasta Co., April 14.—Poisoning, which threw over a dozen women into the throes of an acute anguish, resulted from a church fete last Saturday night. The cause was a socially prominent in this town partook of tainted ice cream. All the victims are now recovering but two died. It was feared in a number of the cases a fatal termination would follow the visitation.

**SYMPHONY ORCHESTRA WILL PLAY SATURDAY**

The coming appearance of the Chicago Symphony Orchestra will mark an epoch in Oakland's musical history. Joseph Rosenbecker is too well-known as a director to leave any doubt regarding the style of work he will require, or of the musical standard he will maintain. His program is always splendidly chosen to please every musical taste. For a number of years Rosenbecker has led the orchestras of the various musical festivals throughout the middlewest and northwest. The orchestra which he is directing is made up of a number of eminent soloists and this year by an exceptionally well-balanced quartet. Rosenbecker is decidedly reminiscent of Theodore Thomas. Like the great leader he is first of all an improviser, but giving all the time the impression of fine reserve strength. He is precise and alert and holds the absolute attention of the musicians. There is nothing of the gymnast about this capable man. Besides, Rosenbecker would seem like a graven image. Without any apparent effort he brings out the color of every number from the masterful "Tannhauser" to the faintly "Carmen" suite. Mr. Rosenbecker plays Wagner and Mendelssohn with a spirit that holds the fancy and sympathy of the most uninterested listener of up-to-date music. The public of this city is looking forward to this great musical treat, which will soon reach us. The Chicago Symphony Orchestra will appear in this city on Saturday, April 18, at the Macdonough Theater, matinee and evening.

# OFFICERS CAPTURE SERBIAN BANDITS

Prisoners Are Taken to Jail After Long and Wearisome Man-Hunt.

SEATTLE, Wash., April 14.—Without firing a shot Deputy Sheriff Starwick and Limer, heading a determined but exhausted posse, late yesterday afternoon, in the snow-bound fastnesses of the Cascade mountains, south of Stampede Pass, closed in on Mike Petrige and John Bosovich, the Serbian bandits, and captured them.

With the taking of Petrige and Bosovich, the former suffering from a gunshot wound in the left leg, was brought to a close a spectacular man hunt unequalled since the Tracy and Storey and Sontag-Evans flight in California, the most exciting chase of its kind in the annals of the West.

At Petrige was made between 3 and 4 o'clock yesterday afternoon and the three deputies with their prisoners, faint from hunger, exposure and the strain of their long flight, after resting a short time painfully made their way to the southward toward Martin station on the main line of the Northern Pacific, where they arrived shortly before noon today. The prisoners were brought to Seattle this afternoon and taken to the county jail.

Petrige, who was in the flight Saturday between Starwick and Storey and the outlaws at McLean's camp, is suffering much pain from his wound and blood poisoning may result.

After reaching the summit of the mountains yesterday the deputies rapidly gained on the servants and soon had them at their mercy.

Seeing that further flight was useless, the wounded man sank in the snow and the unburied standing on the main line of the Northern Pacific, where they arrived shortly before noon today. The prisoners were brought to Seattle this afternoon and taken to the county jail.

"Throw down your pistols," cried Starwick in English and the fellow evidently understood, for he dropped his weapons in the snow and with a shrug of his shoulders surrendered.

## What Does Retfo Mean?

This question is being asked by thousands of glass wearers in California, but if they reside in San Francisco, Oakland, Stockton, Fresno or Sacramento, where our six stores are located, they can find a ready answer for their question.

Our opticians will explain that the word **RETFO** is a compound word made up of Retina and Focus and implies simply that the rays of light entering the eye are focused on the exact spot which nature designed to receive them.

The term has been applied to a new kind of eyeglass mounting procurable on this coast only from the Chinn-Beretta Optical Co. This mounting is so neatly constructed and keeps the lenses so evenly balanced before the eyes that a perfect focus is produced; objects are clearly seen and vision is restful and easy.

## JORDAN REJECTS ALUMNI REPORT

Believes Investigating Committee Entirely Unrepresentative and Opinions Personal.

STANFORD UNIVERSITY, April 14.—Any hope of faculty reconsideration owing to the report of the alumni committee, who investigated the suspension of forty-one students at Stanford received a decided chill yesterday at the hands of President Jordan. In a statement given to the press, Stanford's president asserts that the "facts and conclusions" of the alumni committee represent only the personal opinions of the committee. The committee was appointed by an unauthorized body and represents no recognized group of Stanford alumni. In conclusion Dr. Jordan states that "matters of discipline are entrusted to the president and faculty alone."

The forty-one suspended students received notification today from the committee on student affairs forbidding them to reside on the campus or frequent the university grounds. If the individual refuses to obey this mandate he is threatened with indefinite suspension.

In last night's issue of the Daily Palo Alto, Editor Fitch took issue with the president and asserts that the report is representative of more than the four who signed it.

Watchman Drowned: Vallejo.—John Hart, a watchman on the Southern Pacific steamer *Amey*, was accidentally drowned at South Vallejo about midnight Sunday night. He had evidently fallen overboard. His body was found today. A sister is the wife of the commander of the State freight Governor Markham, stationed at San Francisco.

## SLAYER OF PRIEST MODEL PRISONER

Not Particular as to Food, Uses No Tobacco and Declines All Visits of Clergymen.

CANON CITY, Colo., April 14.—Giuseppe Alla, the condemned murderer of Father Leo Heinrich, whom he shot at the altar in St. Elizabeth's Catholic church in Denver on Sunday, Feb. 23 last, has given the prison officials no trouble since he was placed in the State penitentiary to await his execution in July. The wounds which were on his forehead when he came here, caused by the efforts of self destruction in Denver, have entirely healed.

Alla spends most of his time in the narrow cell, on his cot, and sleeps several hours each day, as well as the greater portion of the night. He has no desire for reading matter, and so far has expressed no wish for a spiritual adviser. He expresses no remorse for the crime he committed.

**Appetite Is Good.**

His appetite is good and he eats his meals with a relish. He is not particular as to food and declines all visits of clergymen.

He is unlike the average prisoner in that he does not use tobacco in any form.

**ADMIRAL EVANS IS MUCH IMPROVED**

Doctors Say Pain in His Right Knee Has Entirely Disappeared.

PASO ROBLES HOT SPRINGS, Cal., April 14.—"Rear Admiral Evans had a splendid night and his improvement is most encouraging," said Surgeon P. E. McDonald this morning. "The pain in his right knee, which has made it necessary for him to remain quiet for a day or two, has entirely disappeared again."

The Rear Admiral has kept to his room for several days but was taken to the bath this morning in his wheel chair for his massage treatment which have been given to him in his apartment since last Friday.

Dr. McDonald stated that the Rear Admiral's appetite was good and his digestion has greatly improved.

**Object to Strong Medicines.**  
Many people object to taking the strong medicines usually prescribed by physicians for rheumatism in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. You are certain to sleep at night, so he began to reverse the ordinary hours, with marked benefit to his health, so he believed.

**MAN WHO TURNED DAY INTO NIGHT IS DEAD**

CHICAGO, April 14.—E. F. Henderson, a prominent merchant of this city, who for fifteen years systematically turned day into night, died at the Auditorium Annex last evening. Fifteen years ago Mr. Henderson, who was a member of the well-known wholesale firm of C. M. Henderson and Brother, began to suffer an ailment of the liver. After this he always complained that he could not sleep at night, so he began to reverse the ordinary hours, with marked benefit to his health, so he believed.

**Death Was On His Heels.**  
Jesse Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Osgood Bros' drug store, 50c and \$1.00 trial bottle free.

## MARK TWAIN SAYS HE IS THROUGH MAKING NOISES

Caustic, Even if Witty, Comment on Digging the 14-Foot Channel Down the Mississippi River.

NEW YORK, April 14.—That he had joined the ranks of the anti-noise society and that he did not believe a fourteen foot channel down the Mississippi river could be successfully dredged were the two things Samuel Clemens (Mark Twain) had to tell reporters, on his return from a long vacation in Bermuda. He said: "I have returned from my trip a reformer. I have joined the ranks of the anti-noise society. I have retired from the making of after-dinner speeches and the lecture platform. No one can tolerate noise, you know, unless they are the noise-makers. I am through making a noise and so I insist on quiet."

"Mr. Twain, what do you think of the scheme to improve our interior waterways by dredging a fourteen foot channel down the Mississippi River?" asked one.

**About Mississippi Channel.**

"I have no sentimental interest in such a project and I have too many realities to do with will-o'-the-wisp. When the Almighty built the earth he knew very well that a fourteen foot channel from Chicago to the Gulf would have been a very excellent and much needed thing but he also knew

that it would tax even his resources. If there were fourteen banks of England behind the scheme, and fourteen more behind them, there would not be enough available money to finance the scheme."

"I know the Mississippi Valley and its oozy soil too well. The digging of the channel would be but the beginning. A thousand dredgers could not keep it clear."

**GOV. JOHNSON LUNCHEON BY CHICAGO PRESS CLUB BOYS**

CHICAGO, April 14.—Governor John A. Johnson, of Minnesota, arrived today from Louisville. At noon he was entertained at luncheon by the Chicago Press Club and delivered a short address. Later in the afternoon he spoke to the Chicago Advertisers' Association.

Governor Johnson declared emphatically that he and his friends are taking no part in the factional fight in this State between the friends and opponents of Roger C. Sullivan, the national committee man. He said that he was not attempting to influence in any manner the personnel of the delegation that will be sent from this State to the Denver convention.

**G**REAT Western received a gold medal at the Paris Exposition.

It was the only American Champagne to be recognized by French connoisseurs. Cultivation in our vineyards at Rheims, N. Y., of nearly one hundred years, has given the soil the elements that produce a fine quality champagne grape. This fine, delicately flavored wine-grape, possesses the same qualities as grown in France. Combined with French method of making, secured, at considerable expense, give Great Western that sparkling zest and exquisite taste of the best imported wines.

## SAN FRANCISCANS IN AUTOMOBILE ACCIDENT

PASO ROBLES, April 14.—A party from San Francisco was in an automobile accident three miles north of Paso Robles last Sunday night. The machine went over an embankment and threw all about twenty-five feet. W. L. Scribner, the driver, went through the glass, but was not cut. All were bruised. The party consisted of W. L. Scribner, R. W. Weston, K. Cords Jr., J. C. O'Connor, A. T. Hagaman, R. A. Weston.
